## POTTERS ARE HONORED GIVEN SPECIAL AUDIENCE BY THE CHIEF EXECUTIVE

President Roosevelt Chats With the East Liver-  
pool Men and Gives H. P. Knoblock  
a Quizzing.

Washington, December 3.—(Special)—The forenoon session of the potters' convention adjourned at 11:30 o'clock today so that the delegates could go to the White House to meet President Roosevelt by appointment at 12 o'clock. They were introduced one by one by Col. John N. Taylor, and the president greeted them in a hearty fashion.

When it came to H. P. Knoblock's turn to shake hands the president asked, "What's the name? I didn't catch it."

"Knoblock," was the answer.

"Spell it," said the president.

"K-n-o-b-l-o-c-k," said the East Liverpool man, like a school boy blushing red.

"I suppose you have relatives?" asked Mr. Roosevelt.

"Oh! yes," was the reply.

"Well," said the president, with a broad smile, at the same time slapping Mr. Knoblock on the shoulder, "I had two men by your name in my regiment and if you are anything like them, you are a cracker jack."

Reports were heard today from the different standing committees, and a

## TOOK CHLOROFORM TO END HIS LIFE

HOMER HEADLY TRIED TO KILL  
HIMSELF IN THE EAST END.

Drank an Ounce of the Deadly Drug  
And His Life Is in the  
Balance.

Despondent after a three days' de-  
bauch, Homer Headly, a young man  
well known in the city, attempted sui-  
cide at the saloon of Robert Maxwell,  
in the East End, this afternoon by  
drinking an ounce of chloroform.

In a moment after swallowing the  
deadly fluid Headly fell unconscious  
to the floor and was removed to a bed  
in a room over the saloon. Dr. R. J.  
Marshall was summoned. The physi-  
cian administered antidotes and the  
sufferer vomited spasmodically.

At 3 o'clock he was sleeping soundly  
and it is thought that he has chances  
for recovery, but the physician states  
that his life hangs in the balance.

## THREE FINE HORSES

Purchased By George F. Brunt in New  
York Received in This  
City Today.

George F. Brunt this morning re-  
ceived his three fine horses purchased  
at the Basie Tipton sale in New York  
city. They were in excellent condition  
upon their arrival with the exception  
of being tired, due to the long ride and  
little chance to rest.

The trio are said to be of the best  
stock in the country and are known  
as Battleton, Baron Oak and Adolph.  
Battleton has a mark of  
2:094 and will be used by Mr. Brunt  
as a roadster. Baron Oakland has no  
mark, but can clear a mile in 2:20 or  
less.

## ANOTHER HORSE THEFT

Reported from Wellsville, Where Wil-  
lis Little's Rig Has  
Disappeared.

Lisbon, December 3.—(Special)—For a second time within a few days the sheriff has been requested to watch for a horse and buggy stolen from its hitching place in Wellsville. Willis Little, an employee in the rolling mill, who has been driving to and from his place of work, found that his horse and buggy had been taken from its hitching place and driven towards Lisbon.

The horse was one formerly used by John Kerr, a Wellsville milk dealer.

## BOISTEROUS NIGHT UPON THE WATER

Rivermen Say the Wind Was About  
the Fiercest They Ever  
Encountered.

## ORDERS ARE NOW AWAITED BEN HUR IN MUCH PERIL

From Inspector Owens for the Arrest  
to Be Made—The Alleged Guilty  
Man Reported to Be in Ohio at  
Present.

Shanty Boat People Terrified By the  
Violence of the Wind And Waves—  
Captain Martindill Says the Night  
Was the Worst He Ever Knew.

Terror reigned in the hearts of the  
many passengers on board the river  
steamers last night. The wind which  
had been blowing to some extent all  
day developed into a gale after night  
had fallen. It shifted its direction ev-  
ery few minutes, making it almost im-  
possible for the plots to keep clear  
of the bars and away from the banks.  
Their progress was delayed until this  
morning, every craft was at least 12  
hours behind scheduled time.

While those in charge of the vessels  
are inured to dangers of this nature  
they were fearful for the safety of  
those entrusted to their care, as the  
night was one of the worst they had  
ever experienced. At no time in years  
has the wind been known to have been  
stronger on the river than it was during  
last night. Several captains or-  
dered their vessels to the shore and  
the other fastenings were doubly secured.

The boat, which sets high in the water,  
caught the full force of the gale.

The people in the shantyboat district  
were also considerably frightened,  
though the danger was less to them,  
as they were to some extent shel-  
tered from the full force of the gale.  
When it veered and blew toward the  
northeast, however, they experienced  
its full force. The boats were driven  
against the shore and lashed with  
the angry waves that threatened to engulf  
them. When the direction changed  
again they tugged and pulled at their  
moorings. Fortunately all were se-  
curely fastened and their occupants  
escaped with being severely shaken  
up.

Captain Gus Martindill, of the  
wharfboat, kept a vigilant watch during  
the play of the elements fearing that  
the boat would be carried from her  
moorings. Extra cables were hastily  
made fast to the shore and the other  
fastenings were doubly secured. The boat,  
which sets high in the water, caught  
the full force of the gale.

Captain Martindill told a News Re-  
view reporter this morning that in all  
his years of experience on the river  
he had never experienced a wind of  
greater velocity.

## BURSTING OF A FLY WHEEL SPREADS HAVOC AND WRECK CRUSHING A MAN BADLY

Mishap While Testing New Engine at Wellsville  
Power House Results in Serious  
Damage.

The bursting of a huge flywheel on  
a mammoth engine at Wellsville this  
morning caused wreck and havoc. The  
fragments were thrown about with the  
force of cannon shot, and wrecked  
buildings and fences, tore up the  
paved street, crushed a man's leg so  
that amputation was necessary and narrowly  
missed killing several persons.

The piece of metal, perhaps a yard  
in length, went through the roof of  
the Burgess & Co. building, tearing a  
jagged and ugly hole and nearly  
knocking the injured man from the  
place where he was working. It also  
went through the wall of Turner's  
slaughter house beyond.

Another fragment of the wheel flew  
to the school building a block east and  
wrecked a portion of the iron fence.  
Big holes were also made in the street  
paving. Still another piece narrowly  
missed the house of Robert Anderson,  
Second and Lisbon streets, dropping  
just before it came in contact with the  
kitchen, where several members of  
the family were at the time.

The engine was one of those designed  
to furnish power for the Wellsville  
end of the East Liverpool railway, and  
its impairment is likely to seriously  
cripple the power until the damage can  
be remedied. No estimate has yet  
been made of the damage caused by  
the accident.

## DIFFICULT JOB

LAYING OF A SANITARY SEWER  
IN GREEN LANE.

Solid Rock 27 Feet Thick Encountered  
And Much Blasting  
Necessary.

Contractor John Ryan with a large  
force of men is progressing rapidly  
with the work of placing a sanitary  
sewer in Green Lane, that is, when  
the fact is considered that the job is  
one of the most difficult ever com-  
menced by a contractor on a like  
contract in the city. The sewer, when  
finished, will be 800 feet in  
length, starting a few yards west of  
Spring street. At the present time the  
men employed on the job are working  
in a solid, bed of rock, 27 feet thick.

For several days there has been  
nothing but continuous blasting of the  
rocks and many tons have been re-  
moved. The contractor is compelled  
to lay the sewer 7 feet below  
the grade level of the street and before  
reaching the level 17 feet of stone has  
to be removed. Over 75 feet of the  
sewer will be laid under stone of the  
above thickness and nearly that  
much in length will be laid under  
stone 10 feet thick. Mr. Ryan has a  
gang of experienced stone masons at  
work and many spectators have wit-  
nessed them at the difficult task.

Bids for the Work Opened Today at  
the Office of the  
City Clerk.

Bids were opened today by City  
Clerk Davidson and City Engineer  
Kelly in the former's office for the  
grading of Prospect street from Cal-  
cutta road to Lincoln avenue. There  
were but two bids filed, one by B. F.  
Hinton, a local stone contractor, and  
the other by A. W. Stevenson, the  
street paving contractor who has  
done much work in Chester during the  
past few months.

The bid of Hinton was much less  
than that of Stevenson, he bidding 40  
cents per cubic yard and Stevenson 54  
cents.

The suspect is a negro and in every particular talies with the description given by Cashier Harry T. Hall, of the Dollar Savings bank, to the police of the colored man who entered the bank and flashed a check, demanding payment. He is of a coffee color, weighs 185 pounds and has every appearance of a tricky individual.

Detective Conley would not state the exact location of the man but said that he is in hiding in the north eastern part of the state and nearer Youngstown than East Liverpool. An assistant of the detective located the negro. He has gained considerable notoriety in running down bad characters among the colored population and it was while on the trail of another man that he learned of the alleged mail bag robber. A confederate of the latter betrayed him, telling the detective's assistant of his having in possession of checks and other valuables and of having passed several checks and of his attempt to pass others.

Postmaster Surles was telephoned to yesterday by Detective Conley and advised that Inspector Owens be communicated with before the arrest be made. This the detective will heed and is now awaiting word from the inspector. The people in the shantyboat district were also considerably frightened, though the danger was less to them, as they were to some extent sheltered from the full force of the gale. ## TEST OF THE NEW LAW AS TO COUNTY CLERKS' TERM

Columbus, December 3.—(Special)—The supreme court handed down a decision yesterday relating to the Buell law changing the time of the beginning of the term of the county clerks from August to January. It was given in the case of the state ex rel the attorney general against Alvah A. Hall, clerk of Guernsey county. Hall's term expired last August, but he refused to vacate the office, claiming that under the law he should be allowed to serve until January. The county clerks' association directed its energies to secure the enactment of the law, which it was believed would apply to clerks now in office. Judge Sheets brought suit to test this question, and under the court's ruling, present clerks will obtain no extension of their terms. It is barely pos-

sible that the whole act may be set aside.

Hall is ousted from office and the induction of his successor is ordered. Judge Shauck, of the supreme court, stated yesterday that the court had not yet determined how far reaching the decision would be in effect. His remarks conveyed the impression that the law might be declared invalid.

However, the full scope of the ruling will be made known on Thursday when the syllabus in the case will be given out. It is stated that Hall was the only clerk in the state whose term expired last January.

Representative Buell, of Columbiana county, is the author of the bill. The county clerks proved to the satisfaction of the legislature that January instead of August would be a better

## BURSTING OF A FLY WHEEL SPREADS HAVOC AND WRECK CRUSHING A MAN BADLY

Mishap While Testing New Engine at Wellsville  
Power House Results in Serious  
Damage.

The bursting of a huge flywheel iron missile whizzing through the air, but before he could discover the cause of the noise, it was upon him. His left leg was struck by it and so seriously shattered and injured that he was at once placed in the care of Dr. Hutcheson, who decided that amputation was necessary and arranged to perform the operation immediately.

The piece of metal, perhaps a yard in length, went through the roof of the Burgess & Co. building tearing a jagged and ugly hole and nearly knocking the injured man from the place where he was working. It also went through the wall of Turner's slaughter house beyond.

The engine was one of those designed to furnish power for the Wellsville end of the East Liverpool railway, and its impairment is likely to seriously cripple the power until the damage can be remedied. No estimate has yet been made of the damage caused by the accident.

The engine room, or the portion of it near the huge machine, was almost a complete wreck. The heavy metal tore up the floor, smashed into valuable machinery nearby, crashed into the walls and through the roof.

Singularly enough, no one about the power house was injured. Joan Miller, a carpenter of Ninth street, was the only victim of the accident thus far reported. He was working a block and a half away on the roof of Burgess & Co.'s stilt factory. He heard the huge

angry waves that threatened to engulf them. When the direction changed again they tugged and pulled at their moorings. Fortunately all were securely fastened and their occupants escaped with being severely shaken up.

Captain Gus Martindill, of the wharfboat, kept a vigilant watch during the play of the elements fearing that the boat would be carried from her moorings. ## ORDERS ARE NOW AWAITED BEN HUR IN MUCH PERIL

From Inspector Owens for the Arrest to Be Made—The Alleged Guilty Man Reported to Be in Ohio at Present.

From a telephonic communication with Detective M. R. Conley, of McDonald, Pa., the News Review learned today that the man supposed to have stolen the mail bag from the local depot was not arrested last evening as expected, but that he will be taken in charge immediately after advice is received from Inspector of Railway Mail Owens, who has his headquarters at Cleveland.

The suspect is a negro and in every particular talies with the description given by Cashier Harry T. Hall, of the Dollar Savings bank, to the police of the colored man who entered the bank and flashed a check, demanding payment. He is of a coffee color, weighs 185 pounds and has every appearance of a tricky individual.

Detective Conley would not state the exact location of the man but said that he is in hiding in the north eastern part of the state and nearer Youngstown than East Liverpool. An assistant of the detective located the negro. He has gained considerable notoriety in running down bad characters among the colored population and it was while on the trail of another man that he learned of the alleged mail bag robber. A confederate of the latter betrayed him, telling the detective's assistant of his having in possession of checks and other valuables and of having passed several checks and of his attempt to pass others.

Postmaster Surles was telephoned to yesterday by Detective Conley and advised that Inspector Owens be communicated with before the arrest be made. This the detective will heed and is now awaiting word from the Inspector.

The people in the shantyboat district were also considerably frightened, though the danger was less to them, as they were to some extent sheltered from the full force of the gale. When it veered and blew toward the northeast, however, they experienced its full force. The boats were driven against the shore and lashed with the angry waves that threatened to engulf them. When the direction changed again they tugged and pulled at their moorings.

Fortunately all were securely fastened and their occupants escaped with being severely shaken up.

Captain Gus Martindill, of the wharfboat, kept a vigilant watch during the play of the elements, fearing that the boat would be carried from her moorings.

Extra cables were hastily made fast to the shore and the other fastenings were doubly secured.

WITH THE WORKMEN  
IN THE CLAY PLANTS

## NOTICE MUST BE GIVEN.

After an expenditure of both time and money the Jigermen of the East Liverpool district have at last hit upon a plan that will not only be a relief to them in the matter of securing help, but will enable them to know when they have a crew employed that the force will at least be compelled to inform their employer upon leaving the job. It is a well known fact that Jigermen have suffered told inconvenience and financial loss by the practice of helpers, batters-out, mould runners and finishers leaving a situation without giving notice. To the present there has been no redress, but by an arrangement just made every pottery firm in the jurisdiction of the Western Manufacturers' association has agreed to require Jigermen's help to give the customary notice of two weeks before leaving a situation. Loss of time to the several firms has been occasioned by those employees of the Jigermen giving up a situation without notice, and it was deemed necessary to take some steps to remedy the evil. The rule adopted will be applied both ways, and both employee and employer will be required to give two weeks' notice in case a change is desired.

## A BIG ORDER.

The Beaver Clay Manufacturing company, with its plant at New Galilee, is rushing work and turning out about 25,000 fine quality hard brick every day. Its sixth kiln is ready for the crown and they expect to build six more. The company got an order the other day from Washington, Pa., for 1,000,000 bricks. Work will be started on this order next week and it will require several weeks to fill it. After the plant is in full operation and has a sufficient number of kilns the owners will begin the manufacture of enameled bricks. B. B. Todd, the superintendent, has at his office at Seventh avenue and Thirteenth street, Beaver Falls, some samples made at the New Galilee plant and they are very fine ones.

## STRUCK BY A CAR.

Mrs. Maude Johnson, of the dipping department at the Smith & Phillips, is confined to her home in Calhoun addition suffering severely from injuries received last Sunday by being struck by a street car. The accident occurred near Poiner's store in the East End. At this point the track curves. Mrs. Johnson was waiting for the car to pass and thought she was standing a safe distance away. She was not, however, and the rear end of the car struck her on the right shoulder knocking her to the ground. A physician was called and it was found that while the arm and shoulder were badly bruised no bones were broken. It will be a week or more before she can return to work.

## SECURED NEAT SUM.

By their recent entertainment at Pythian hall the several pottery locals of the Wheeling district, obtained a nice sum which will be used for the entertainment of the delegates to the next annual convention of the National Brotherhood of Operative Potters, which will be held in Wheeling, in May. They have decided to give four entertainments during the winter season, all of which will be for the purpose of raising funds for the entertainment of the delegates who will attend the convention.

## THE NEW TANK.

The new tank and derrick for the Smith & Phillips pottery was received at the plant Monday and will be erected as soon as President Smith, of the company, returns from Washington, where he is attending the convention of the United States Potters' association. The tank proper is made of wood and the supporting derrick of steel. It will be 56 feet in the air, 12 feet higher than the one now in use and will have a capacity of 150 barrels.

## MEETING OF NO. 12.

Last night was the regular meeting for local union No. 12 to elect officers, but owing to the inclement weather the attendance was small and it was deemed best to defer the selection of those who will have charge of the af-

fairs of the organization during the coming year until the next meeting. Therefore routine matters occupied the time during the session of last evening.

## PAINFUL INJURY.

Newton Carey, a mould runner at the Smith & Phillips, had quite a painful accident yesterday and as a result received a gash on his head. While passing through a narrow doorway he collided with another employee who was carrying a number of ware boards on his shoulder. The ends of the boards struck young Carey, inflicting the wound, which is painful, but not of serious nature.

## STILL OFF DUTY.

Roy Calhoun, in charge of the reporting department of the Potters' Protective association, is still off duty. Mr. Calhoun has not been well for some time, and thought a loaf of a week would benefit his health. He is not yet able to resume his duties and the vacation may be prolonged.

## INTERESTING LECTURE.

Secretary M. C. Wright, of the Y. M. C. A., made a short address yesterday noon to the men at the Smith & Phillips. About 30 gathered in the green room to hear him talk on the "Life and Travels of Christ in Palestine," and all were impressed by his earnestness and eloquence.

## MAY ADD MRS.

Miss Kate Sullivan went to East Liverpool Saturday, says the Sebring News. Reports have it that Kate will soon add Mrs. to her name. Miss Sullivan was employed in the decorating department at the Oliver, and has many friends here whose best wishes go with her.

## A RECENT WEDDING.

Miss Effie Berkheimer and Asa Hughes, both employed at the Smith & Phillips, were married at the home of the bride one day last week. They will go to housekeeping in the near future. Both are popular young people with a host of friends.

## MARK OF RESPECT.

The American Porcelain company, at New Brighton, closed down yesterday and will remain closed down until tomorrow, in respect to the demise of Mrs. Thomas Craven, whose husband is foreman of the plant.

## NOTES OF THE POTTERS.

George Morgan, kiln placer at the Smith & Phillips, is reported among the sick.

John Pollock, of the biscuit end at the Smith & Phillips, has been off duty several days on account of sickness.

James Quigg, mould runner for Andy Hester, at the Smith & Phillips, has been laid up several days with sickness.

Charles Brown, a dishmaker at the Smith & Phillips, has returned to work again after a serious illness of about three weeks.

William Baxter, of the glost end at the Smith & Phillips, has been kept from his work the past few days by the serious illness of his mother.

## MAHONING PRESBYTERY

HOLDS AN INTERESTING SESSION  
AT LISBON CHURCH.

## Several Prospective Changes in Pastorates Receive Official Attention.

Lisbon, December 3.—(Special)—An adjourned session of Mahoning presbytery was held in the Presbyterian church here yesterday afternoon and evening. Moderator Rev. W. F. McCauley, of Salem, presided, with Rev. J. P. Anderson, of Lisbon, as standing clerk.

The meeting opened with the consideration of some business matters. At his own request, Rev. H. M. McCombs was released from his pastoral duties at Rogers and Clarkson and dismissed to the Pittsburg presbytery.

Calls from Calvary church, Canton, and the church at East Palestine to Revs. Reese W. Edwards, of Ottawa, O., and W. P. Hollister, of Wilson avenue, Cleveland, respectively, were extended and accepted. Installation services will be held at East Palestine Monday evening, December 10.

Rev. W. G. White, of Youngstown, will preside and preach the sermon. Rev. R. A. Carnahan, of Alliance, will charge the pastor, and Rev. J. C. Pickens, of Sebring, will charge the people.

The installation at Calvary church, Canton, will take place December 17. Rev. O. B. Milligan, of Canton First church, will preside. Rev. S. S. Scovell, D. D., ex-president of Wooster university, will be invited to preach the sermon. Rev. W. H. Hudnut, of Youngstown, will charge the pastor and Rev. R. E. Porter, of Columbiana, will deliver the charge to the people.

A transfer of Evergreen mission in the South Market street district of Youngstown to the Presbyterian church has been suggested, and was considered at some length, but was not finally decided yesterday. This mission has been in charge of the Methodists for some time, but as that denomination, with several others is represented in the district referred to, it was deemed proper to transfer the mission to the Presbyterians, who have no mission in this part of the city. A program of addresses on religious work was carried through at both sessions.

The ministers present were: R. A. Carnahan, Alliance; W. H. Hudnut, M. G. White and D. H. Evans, Youngstown; O. B. Milligan, Canton; M. F. McCauley, Salem; S. L. Dickey, North Benton; J. P. Anderson, Lisbon; J. C. Pickens, Sebring; W. P. Hollister, Cleveland; R. E. Pugh, Hubbard; H. W. McCombs, Clarkson.

The next meeting of the presbytery will be held at Alliance.

Charles Brown, a dishmaker at the Smith & Phillips, has returned to work again after a serious illness of about three weeks.

William Baxter, of the glost end at the Smith & Phillips, has been kept from his work the past few days by the serious illness of his mother.

## A TRACTION MAGNATE

## Reported Intention of Ex-Governor Bushnell to Become One.

Springfield, December 3.—It is reported today that former Governor Bushnell, who, it is said, realized something like \$5,000,000 in the sale of his interests in the Warder, Bushnell & Glessner company, will enter the business of building traction lines in Ohio, forming a coalition with John C. Webb for that purpose.

Mr. Webb is the principal stockholder of the Columbus, Delaware & Marion railroad and holds large interests in the Dayton, Springfield & Urbana and the Columbus, London & Springfield lines. It is said that \$2,000,000 will be set aside for promoting purposes.

Neither of the parties connected with the deal will verify the report, but the fact that Mr. Bushnell recently took a party of 50 local people over the Appleyard and Webb lines gives color to the story.

## MAHONING PRESBYTERY

### HOLDS AN INTERESTING SESSION AT LISBON CHURCH.

### SEVERAL PROSPECTIVE CHANGES IN PASTORATES RECEIVE OFFICIAL ATTENTION.

Lisbon, December 3.—(Special)—An adjourned session of Mahoning presbytery was held in the Presbyterian church here yesterday afternoon and evening. Moderator Rev. W. F. McCauley, of Salem, presided, with Rev. J. P. Anderson, of Lisbon, as standing clerk.

The meeting opened with the consideration of some business matters. At his own request, Rev. H. M. McCombs was released from his pastoral duties at Rogers and Clarkson and dismissed to the Pittsburg presbytery.

Calls from Calvary church, Canton, and the church at East Palestine to Revs. Reese W. Edwards, of Ottawa, O., and W. P. Hollister, of Wilson avenue, Cleveland, respectively, were extended and accepted. Installation services will be held at East Palestine Monday evening, December 15.

Rev. W. G. White, of Youngstown, will preside and preach the sermon. Rev. R. A. Carnahan, of Alliance, will charge the pastor, and Rev. J. C. Pickens, of Sebring, will charge the people.

The installation at Calvary church, Canton, will take place December 17. Rev. O. B. Milligan, of Canton First church, will preside. Rev. S. S. Scovell, D. D., ex-president of Wooster university, will be invited to preach the sermon. Rev. W. H. Hudnut, of Youngstown, will charge the pastor, and Rev. R. E. Porter, of Columbiana, will deliver the charge to the people.

The installation at Calvary church, Canton, will take place December 17. Rev. O. B. Milligan, of Canton First church, will preside. Rev. S. S. Scovell, D. D., ex-president of Wooster university, will be invited to preach the sermon. Rev. W. H. Hudnut, of Youngstown, will charge the pastor, and Rev. R. E. Porter, of Columbiana, will deliver the charge to the people.

A transfer of Evergreen mission in the South Market street district of Youngstown to the Presbyterian church has been suggested, and was considered at some length, but was not finally decided yesterday. This mission has been in charge of the Methodists for some time, but as that denomination, with several others is represented in the district referred to, it was deemed proper to transfer the mission to the Presbyterians, who have no mission in this part of the city. A program of addresses on religious work was carried through at both sessions.

The ministers present were: R. A. Carnahan, Alliance; W. H. Hudnut, M. G. White and D. H. Evans, Youngstown; O. B. Milligan, Canton; M. F. McCauley, Salem; S. L. Dickey, North Benton; J. P. Anderson, Lisbon; J. C. Pickens, Sebring; W. P. Hollister, Cleveland; R. E. Pugh, Hubbard; H. W. McCombs, Clarkson.

The next meeting of the presbytery will be held at Alliance.

**NOTES OF THE POTTERS.**

George Morgan, kiln placer at the Smith & Phillips, is reported among the sick.

John Pollock, of the biscuit end at the Smith & Phillips, has been off duty several days on account of sickness.

James Quigg, mould runner for Andy Hester, at the Smith & Phillips, has been laid up several days with sickness.

Charles Brown, a dishmaker at the Smith & Phillips, has returned to work again after a serious illness of about three weeks.

William Baxter, of the glost end at the Smith & Phillips, has been kept from his work the past few days by the serious illness of his mother.

William Pollock and George Wilson, who operate the big jiggers at the Smith & Phillips, have been confined to their homes the past few days with sickness.

Misses Maude Taylor, Anna Quigg and Belle Easterday, of the glost warehouse at the Smith & Phillips, will spend next Sunday with friends at Pittsburgh.

James Jamison, of the glost end at the Smith & Phillips, who was severely injured two weeks ago by falling from the steps of a kiln, is entirely recovered and returned to his work yesterday.

**Sullivan Will Succeed Himself.**

John J. Sullivan will succeed himself as United States attorney for the northern Ohio district. Frank M. Chandler will be reappointed United States marshal for the same territory upon the expiration of his present term, says a Washington special. Alexander Bruce will retire at the end of his term as appraiser of merchandise, and another Republican will succeed him.

**Alcohol in His Shoes.**

Steubenville, December 3.—Companions poured alcohol in the shoes of J. E. McCord, of Columbus, a Wabash cook, while he was intoxicated at the Hotel McDevitt at Mingo last night, and he was fatally burned.

### A TRACTION MAGNATE

#### Reported Intention of Ex-Governor Bushnell to Become One.

Springfield, December 3.—It is reported today that former Governor Bushnell, who, it is said, realized something like \$5,000,000 in the sale of his interests in the Warder, Bushnell & Glessner company, will enter the business of building traction lines in Ohio, forming a coalition with John C. Webb for that purpose.

Mr. Webb is the principal stockholder of the Columbus, Delaware & Marion railroad and holds large interests in the Dayton, Springfield & Urbana and the Columbus, London & Springfield lines. It is said that \$2,000,000 will be set aside for promoting purposes.

Neither of the parties connected with the deal will verify the report, but the fact that Mr. Bushnell recently took a party of 50 local people over the Appleyard and Webb lines gives color to the story.

## WITH THE WORKMEN IN THE CLAY PLANTS

### NOTICE MUST BE GIVEN.

After an expenditure of both time and money the jiggers of the East Liverpool district have at last hit upon a plan that will not only be a relief to them in the matter of securing help, but will enable them to know when they have a crew employed that the force will at least be compelled to inform their employer upon leaving the job. It is a well known fact that jiggers have suffered untold inconvenience and financial loss by the practice of helpers, batters-out, mould runners and finishers leaving a situation without giving notice. To the present there has been no redress, but by an arrangement just made every pottery firm in the jurisdiction of the Western Manufacturers' association has agreed to require jiggers' help to give the customary notice of two weeks before leaving a situation. Loss of time to the several firms has been occasioned by these employees of the jiggers giving up a situation without notice, and it was deemed necessary to take some steps to remedy the evil. The rule adopted will be applied both ways, and both employee and employer will be required to give two weeks' notice in case a change is desired.

### A BIG ORDER.

The Beaver Clay Manufacturing company, with its plant at New Galilee, is rushing work and turning out about 25,000 fine quality hard brick every day. Its sixth kiln is ready for the crown and they expect to build six more. The company got an order the other day from Washington, Pa., for 1,000,000 bricks. Work will be started on this order next week and it will require several weeks to fill it. After the plant is in full operation and has a sufficient number of kilns the owners will begin the manufacture of enameled bricks. B. B. Todd, the superintendent, has at his office at Seventh avenue and Thirteenth street, Beaver Falls, some samples made at the New Galilee plant and they are very fine ones.

### STRUCK BY A CAR.

Mrs. Maude Johnson, of the dipping department at the Smith & Phillips, is confined to her home in Calhoun addition suffering severely from injuries received last Sunday by being struck by a street car. The accident occurred near Pointer's store in the East End. At this point the track curves. Mrs. Johnson was waiting for the car to pass and thought she was standing a safe distance away. She was not, however, and the rear end of the car struck her on the right shoulder knocking her to the ground. A physician was called and it was found that while the arm and shoulder were badly bruised no bones were broken. It will be a week or more before she can return to work.

### SECURED NEAT SUM.

By their recent entertainment at Pythian hall the several pottery locals of the Wheeling district, obtained a nice sum which will be used for the entertainment of the delegates to the next annual convention of the National Brotherhood of Operative Potters, which will be held in Wheeling, in May. They have decided to give four entertainments during the winter season, all of which will be for the purpose of raising funds for the entertainment of the delegates who will attend the convention.

### THE NEW TANK.

The new tank and derrick for the Smith & Phillips pottery was received at the plant Monday and will be erected as soon as President Smith, of the company, returns from Washington, where he is attending the convention of the United States Potters' association. The tank proper is made of wood and the supporting derrick of steel. It will be 56 feet in the air, 12 feet higher than the one now in use and will have a capacity of 150 barrels.

### MEETING OF NO. 12.

Last night was the regular meeting for local union No. 12 to elect officers, but owing to the inclement weather the attendance was small and it was deemed best to defer the selection of those who will have charge of the af-

fairs of the organization during the coming year until the next meeting. Therefore routine matters occupied the time during the session of last evening.

### PAINFUL INJURY.

Newton Carey, a mould runner at the Smith & Phillips, had quite a painful accident yesterday and as a result received a gash on his head. While passing through a narrow doorway he collided with another employee who was carrying a number of ware boards on his shoulder. The ends of the boards struck young Carey, inflicting the wound, which is painful, but not of a serious nature.

### STILL OFF DUTY.

Roy Calhoon, in charge of the reporting department of the Potters' Protective association, is still off duty. Mr. Calhoon has not been well for some time, and thought a loaf of a week would benefit his health. He is not yet able to resume his duties and the vacation may be prolonged.

### INTERESTING LECTURE.

Secretary M. C. Wright, of the Y. M. C. A., made a short address yesterday noon to the men at the Smith & Phillips. About 30 gathered in the green room to hear him talk on the "Life and Travels of Christ in Palestine," and all were impressed by his earnestness and eloquence.

### MAY ADD MRS.

Miss Kate Sullivan went to East Liverpool Saturday, says the Sebring News. Reports have it that Kate will soon add Mrs. to her name. Miss Sullivan was employed in the decorating department at the Oliver, and has many friends here whose best wishes go with her.

### A RECENT WEDDING.

Miss Effie Berkheimer and Asa Hughes, both employed at the Smith & Phillips, were married at the home of the bride one day last week. They will go to housekeeping in the near future. Both are popular young people with a host of friends.

### MARK OF RESPECT.

The American Porcelain company, at New Brighton, closed down yesterday and will remain closed down until tomorrow, in respect to the demise of Mrs. Thomas Craven, whose husband is foreman of the plant.

### NOTES OF THE POTTERS.

## EAST END

## THE MAYORALTY FIGHT

Dr. Marshall's Entry Into It Complicates Fifth Ward Councilmanic Situation.

The candidacy of Dr. R. J. Marshall for the Republican mayoralty nomination has at least served to complicate the councilmanic situation in the Fifth ward. It is not at all likely that there would have been any serious opposition had he been a candidate for re-election to this office, but with him out of the race, the candidates will be numerous. It is not known at this time whether or not W. B. Thomas, the other councilman from the ward, will be a candidate for re-election. If he is it will not keep the other candidates out of the field and the campaign, complicated as it will be by the mayoralty fight, promises to be a lively one.

Among the councilmanic candidates several will no doubt aspire to be councilman-at-large. There is plenty of good timber in the East End if it can only be utilized. Among the "great oaks" prominently mentioned are T. F. Anderson, Sam Dixon, Dr. F. F. Davis, Dr. W. E. Mowen, W. A. Andrews and Jesse Smith. None of these gentlemen are known to have political aspirations, however, and a part, if not all of them will decline to be candidates.

## AN INTERESTING PROGRAM

Rendered at the Reception Given by One Missionary Society to Another.

The reception yesterday evening from 8 to 10 o'clock at the home of Mrs. T. F. Andrews on Pennsylvania Avenue given by the Ladies' Missionary society of the Second Presbyterian church to the same organization of the First Presbyterian church was a very pleasant and enjoyable function. In spite of the heavy rain that fell during the evening about 50 ladies were present from the two societies. The program, consisting of musical numbers and brief papers and talks, was a pleasing feature.

Mrs. J. N. Swan read an interesting paper, "Reminiscences," and Mrs. J. P. Orr talked entertainingly of the "Chinese in America." Mrs. Orr spent several years in California and her remarks were from her personal observations. The vocal duet by Mrs. W. R. Clark and Mrs. J. R. Warner was well received. Rev. J. N. Swan and N. J. Watson read short and able papers. The piano duet by Mrs. M. B. Farrar and Mrs. N. M. Crowe completed the program and tempting refreshments were then served.

up to 500 before the first day of the new year, and they will no doubt succeed. They now number 450 and if the 30 applications are favorably considered only 20 remain to be secured.

It was decided at the meeting to hold a box social on the evening of December 16, which will be the last meeting of the year. The social will be for members only, the object being to get as many as possible together on this occasion.

## WEBB-BONTEMPT

Pretty Wedding to Be Solemnized This Evening at an East End Home.

A pretty home wedding will be solemnized this evening at 7:30 o'clock at the home of Mr. and Mrs. Joseph Webb, on Mulberry street, the contracting parties being their charming daughter, Miss Florence, and Frank BonTEMPT. Rev. J. W. Gorrell, of the First Christian church, will perform the ceremony, using the beautiful ring service. Lillian, the younger sister of the bride, will be bridesmaid, and Ross Leonard will act as best man. A wedding supper will follow the ceremony.

Both young people are employed at the East End pottery as decorators, where they are extremely popular with the other employees. They will go to housekeeping on St. George street.

## Attested to the Death.

The proof of the death of the late Milton Martin was attested to last evening before Squire Carman, acting as a notary public. There were present Mrs. Martin, the officers and fraternal committee of Ben Hur lodge, the attending physician and the undertaker. This proof was necessary to procure the insurance which he car-

ried to the amount of \$1,400 in the lodge named above.

Will Give a Mite Social. The Ladies' Missionary society of the Second U. P. church, will give a mite social on next Friday at the home of the pastor, Rev. Mr. McQuiston, on St. George street. There will be a brief literary program and refreshments will be served. All are cordially invited.

## EAST END AFFAIRS.

W. E. Finney, of St. George street, is reported quite ill with the grip.

Miss Ida Broom, of Railroad street, is confined to her room by sickness. Mrs. J. W. Powell has returned from a week's visit with relatives at Barnevile.

## THE MAYORALTY FIGHT

Dr. Marshall's Entry Into It Complicates Fifth Ward Councilmanic Situation.

These officers with the pastor and J. B. Elliott, session superintendent of the young people's department, constitute the executive committee and they will meet tomorrow evening at the home of Miss Fisher to appoint the various necessary committees. Light refreshments were served under the supervision of Miss Lou Hanley.

## AN INTERESTING PROGRAM

Rendered at the Reception Given by One Missionary Society to Another.

The reception yesterday evening from 8 to 10 o'clock at the home of Mrs. T. F. Andrews on Pennsylvania Avenue given by the Ladies' Missionary society of the Second Presbyterian church to the same organization of the First Presbyterian church was a very pleasant and enjoyable function. In spite of the heavy rain that fell during the evening about 50 ladies were present from the two societies. The program, consisting of musical numbers and brief papers and talks, was a pleasing feature.

Mrs. J. N. Swan read an interesting paper, "Reminiscences," and Mrs. J. P. Orr talked entertainingly of the "Chinese in America." Mrs. Orr spent several years in California and her remarks were from her personal observations. The vocal duet by Mrs. W. R. Clark and Mrs. J. R. Warner was well received. Rev. J. N. Swan and N. J. Watson read short and able papers. The piano duet by Mrs. M. B. Farrar and Mrs. N. M. Crowe completed the program and tempting refreshments were then served.

up to 500 before the first day of the new year, and they will no doubt succeed. They now number 450 and if the 30 applications are favorably considered only 20 remain to be secured.

It was decided at the meeting to hold a box social on the evening of December 16, which will be the last meeting of the year. The social will be for members only, the object being to get as many as possible together on this occasion.

## WEBB-BONTEMPT

Pretty Wedding to Be Solemnized This Evening at an East End Home.

A pretty home wedding will be solemnized this evening at 7:30 o'clock at the home of Mr. and Mrs. Joseph Webb, on Mulberry street, the contracting parties being their charming daughter, Miss Florence, and Frank BonTEMPT. Rev. J. W. Gorrell, of the First Christian church, will perform the ceremony, using the beautiful ring service. Lillian, the younger sister of the bride, will be bridesmaid, and Ross Leonard will act as best man. A wedding supper will follow the ceremony.

Both young people are employed at the East End pottery as decorators, where they are extremely popular with the other employees. They will go to housekeeping on St. George street.

## Attested to the Death.

The proof of the death of the late Milton Martin was attested to last evening before Squire Carman, acting as a notary public. There were present Mrs. Martin, the officers and fraternal committee of Ben Hur lodge, the attending physician and the undertaker. This proof was necessary to procure the insurance which he car-

ried to the amount of \$1,400 in the lodge named above.

Will Give a Mite Social. The Ladies' Missionary society of the Second U. P. church, will give a mite social on next Friday at the home of the pastor, Rev. Mr. McQuiston, on St. George street. There will be a brief literary program and refreshments will be served. All are cordially invited.

## EAST END AFFAIRS.

W. E. Finney, of St. George street, is reported quite ill with the grip.

## THE MAYORALTY FIGHT

Dr. Marshall's Entry Into It Complicates Fifth Ward Councilmanic Situation.

The candidacy of Dr. R. J. Marshall for the Republican mayoralty nomination has at least served to complicate the councilmanic situation in the Fifth ward. It is not at all likely that there would have been any serious opposition had he been a candidate for re-election to this office, but with him out of the race, the candidates will be numerous. It is not known at this time whether or not W. B. Thomas, the other councilman from the ward, will be a candidate for re-election. If he is it will not keep the other candidates out of the field and the campaign, complicated as it will be by the mayoralty fight, promises to be a lively one.

Among the councilmanic candidates several will no doubt aspire to be councilman-at-large. There is plenty of good timber in the East End if it can only be utilized. Among the "great oaks" prominently mentioned are T. F. Anderson, Sam Dixon, Dr. F. F. Davis, Dr. W. E. Mowen, W. A. Andrews and Jesse Smith. None of these gentlemen are known to have political aspirations, however, and a part, if not all of them will decline to be candidates.

## IT IS VERY SELDOM

An opportunity is offered for a safe investment in stock of any producing and Dividend paying Corporation at any but a fancy figure, but

THIS IS THE EXCEPTION THAT SUSTAINS THE RULE.

For the purpose of further developing an already paying oil territory as yet practically in its infancy,

## THE COLUMBIA OIL AND GAS COMPANY

officered and manged by the best financial talent of East Liverpool, will offer for a time

\$125,000.00 OF THE COMPANY'S CAPITAL STOCK

fully paid and non-assessable, the par value of which is \$50.00 per share, at the low price of \$20.00 per share.

The entire proceeds of this limited sale will be paid into the hands of R. W. Patterson, Cashier of the Potters' National Bank, as Trustee; and the fund so created is pledged solely to the further development of a territory already proven the equal of any oil bearing tract in the Middle States.

The Personnel of the Directorate of the Columbia Oil and Gas Company is unequaled in financial standing and integrity in Ohio, you know them and they are men who cannot afford to be identified with unsound enterprises.

## DESCRIPTION OF PROPERTY:

Two hundred and sixty acres adjoin the Turkey-foot oil field in West Virginia and has eight producing wells, the wells drilled have demonstrated that every acre of this is good for producing wells, the present production is fifty-five barrels per day; the expense being \$60.00 per month.

The Ohio field being in the well known Jackson Ridge, Monroe county district, there being five hundred and four acres with eight producing wells and two rigs up ready to drill, the production in this field is sixty-five barrels per day.

On this block we have only nicely started to drill, as there is production up against our line 5,000 feet ahead. We have our own water plant fully equipped on a good stream of water running through the entire property.

## THE STOCK IS BEING RAPIDLY TAKEN UP.

## \$125,000.00 OF THE COMPANY'S CAPITAL STOCK

fully paid and non-assessable, the par value of which is \$50.00 per share, at the low price of \$20.00 per share.

The entire proceeds of this limited sale will be paid into the hands of R. W. Patterson, Cashier of the Potters' National Bank, as Trustee; and the fund so created is pledged solely to the further development of a territory already proven the equal of any oil bearing tract in the Middle States.

The Personnel of the Directorate of the Columbia Oil and Gas Company is unequaled in financial standing and integrity in Ohio, you know them and they are men who cannot afford to be identified with unsound enterprises.

## DESCRIPTION OF PROPERTY:

Two hundred and sixty acres adjoin the Turkey-foot oil field in West Virginia and has eight producing wells, the wells drilled have demonstrated that every acre of this is good for producing wells, the present production is fifty-five barrels per day; the expense being \$60.00 per month.

The Ohio field being in the well known Jackson Ridge, Monroe county district, there being five hundred and four acres with eight producing wells and two rigs up ready to drill, the production in this field is sixty-five barrels per day.

On this block we have only nicely started to drill, as there is production up against our line 5,000 feet ahead. We have our own water plant fully equipped on a good stream of water running through the entire property.

One of the matters which should receive the earnest attention of the railroad committee of council of this city, and which the railroad officials should not be allowed to lose sight of or to pass over with meaningless promises, is the necessity for increased safety at grade crossings. There should be safety gates or flagmen at every crossing where there is any considerable amount of street traffic, and especially should there be the strongest possible safeguards at points where street railway tracks cross the railroad. Accidents at crossings are always unpleasantly numerous and they are bound to increase in number as the city grows and its street traffic increases. An item in a Columbus paper states that a watchman has been placed at a certain dangerous crossing in that city, but not until the unguarded spot had caused the death of 14 persons. East Liverpool cannot afford to wait for a greater number of horrible warnings than it has already had. The matter should be given attention at once. Now that the railroad company is anxious for numerous privileges, council should insist that in return pledges are given to insure the greatest possible measure of safety to the public. When the double track is completed there will be more trains run and consequently more danger. The city should see to it that spots which invite accident be as few and as far apart as possible.

Ohio capital is being largely invested in traction lines in Cuba. This means more American residents for the island. More American residents mean more enterprise, more prosperity, and better government. Clearly, the United States is not yet done with conferring benefits on Cuba. The best thing that can happen to that land is to become thoroughly Americanized, and if its people will attend to business progress in that direction will be rapid.

Congressman Tayler has stirred the animals up by a resolution which brings up the subject of negro disfranchisement in the south. If the fourteenth amendment is not to be obeyed we might as well not have it. Cut down the congressional representation of the south and the making of laws that qualify an illiterate white man to vote and disqualify an illiterate black would soon cease.

The Boers are getting the only revenge possible by writing books, telling what they think of the Britons, and then selling them in England. Incidentally it might be remarked that Oom Paul has succeeded in producing a deeply interesting volume.

Dalzell and Payne have dropped out of the speakership race. There was a Cannon to the right of them, Cannon to the left of them and Cannon to the front of them and surrender was their only salvation.

The blizzard season has opened in the west. It will be shorter than usual on account of the late beginning, but there is not likely to be any general complaint on that score.

## Difficult Digestion

That is dyspepsia. It makes life miserable. Its sufferers eat not because they *want to*, but simply because they *must*. They know they are irritable and fretful; but they cannot be otherwise.

They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, an uneasy feeling of puffy fulness, headache, heartburn and what not.

The effectual remedy, proved by permanent cures of thousands of severe cases, is

The Turk is at it again—persecuting, murdering, robbing and roasting Christians. Why should civilization tolerate crimes it is able to stop?

Ruining everybody's business in order to make the business of the trusts unprofitable is an idea that finds no favor with Theodore Roosevelt.

As usual, some of the European newspapers don't like the president's message. Well, it was produced solely for home consumption.

Dogs are accused of spreading smallpox in a Pennsylvania town. Shotgun quarantine is the thing for them.

Mark Twain is 67 and he has had his troubles, but he is still able to laugh and make the world laugh with him.

Ohio Democracy dropped Tom Johnson suddenly, and yet so quietly that the thud was scarcely noticed.

The gospel of hope crops out strongly in the president's message.

## NEW OFFICERS CHOSEN

By Garfield Camp, S. of V., After a Spirited But Friendly Contest.

The annual election of officers was held by Gen. Garfield camp, S. of V., last evening, and though the contests for the several officers were spirited in every case, good feeling prevailed throughout the entire session. The young men who will have charge of the camp's affairs for the coming year are:

Captain, Joseph C. Davis; first lieutenant, Archie Searight; second lieutenant, John E. Bolton; members of camp council, J. J. Rose, W. R. Dawson, George Obney; delegates to division encampment, Homer J. Thompson, S. J. Witherow; alternates, J. F. Flowers, C. A. Ensign.

Post Captain Criss McConnell was chosen as installing officer, and this ceremony will take place on the first meeting night in January.

APPLES BY THE BUSHEL

A Fairmount Home Inmate Makes Them Disappear At a Great Rate.

There are 18 or 20 weak-minded children at the Fairmount Home, none of whom by right should be there. The state provides a place for the care of such unfortunates, but as this institution is always crowded beyond its capacity, Supt. Southworth has been unable to place the ones in his care. One of these children is a wonder in some respects.

This wonder is a boy about 18 years old, who has a penchart for eating apples, and just what his capacity is will perhaps never be known. He is employed in the boiler rooms, and on Friday he took a two bushel sack and went to the orchard and filled it with apples. At 10 o'clock the apples were all gone, and the supposition is that he ate them, or hid them. Next morning he had the mumps and will not eat any more for a few days at least. This boy will come to the table with an apple in his hand, and upon leaving the table immediately seeks an apple.

## AMUSEMENT.

"The King of Tramps," a four act comedy drama written by W. A. Tremayne and Irving Hall, was presented at the Grand last evening to an unusually small house. Will A. Peters, as Philosopher Bob, the King of the knights of the road, was the life of the play and he proved himself to be as clever a comedian as has been seen on the local stage this season. His support from the others members of the company was excellent. As a whole the play and the company were above the average and deserved more liberal patronage.

## Use These Spices.

If you have a recipe calling for a certain spice, it means that the best is needed to produce the desired flavor.

The writer of the recipe you use, had in mind only perfect full flavored spices; if you use the ordinary ones, results must be unsatisfactory.

We are agents for Gilpin, Langdon & Co's High Grade Spices—the very choicest

the world produces—and that is the kind you should have.

They cost a trifle more because they are all spice, but they go much

further and for that reason alone they are more economical

than inferior grades, not to speak of their delicious flavor and wholesomeness.

One of the matters which should receive the earnest attention of the railroad committee of council of this city, and which the railroad officials should not be allowed to lose sight of or to pass over with meaningless promises, is the necessity for increased safety at grade crossings. There should be safety gates or flagmen at every crossing where there is any considerable amount of street traffic, and especially should there be the strongest possible safeguards at points where street railway tracks cross the railroad. Accidents at crossings are always unpleasantly numerous and they are bound to increase in number as the city grows and its street traffic increases. An item in a Columbus paper states that a watchman has been placed at a certain dangerous crossing in that city, but not until the unguarded spot had caused the death of 14 persons. East Liverpool cannot afford to wait for a greater number of horrible warnings than it has already had. The matter should be given attention at once. Now that the railroad company is anxious for numerous privileges, council should insist that in return pledges are given to insure the greatest possible measure of safety to the public. When the double track is completed there will be more trains run and consequently more danger. The city should see to it that spots which invite accident be as few and as far apart as possible.

Ohio capital is being largely invested in traction lines in Cuba. This means more American residents for the island. More American residents mean more enterprise, more prosperity, and better government. Clearly, the United States is not yet done with conferring benefits on Cuba. The best thing that can happen to that land is to become thoroughly Americanized, and if its people will attend to business progress in that direction will be rapid.

Congressman Tayler has stirred the animals up by a resolution which brings up the subject of negro disfranchisement in the south. If the fourteenth amendment is not to be obeyed we might as well not have it. Cut down the congressional representation of the south and the making of laws that qualify an illiterate white man to vote and disqualify an illiterate black man would soon cease.

The Boers are getting the only revenge possible by writing books, telling what they think of the Britons, and then selling them in England. Incidentally it might be remarked that Oom Paul has succeeded in producing a deeply interesting volume.

Dalzell and Payne have dropped out of the speakership race. There was a Cannon to the right of them, Cannon to the left of them and Cannon to the front of them and surrender was their only salvation.

The blizzard season has opened in the west. It will be shorter than usual on account of the late beginning, but there is not likely to be any general complaint on that score.

### Difficult Digestion

That is dyspepsia. It makes life miserable. Its sufferers eat not because they *want to*, but simply because they *must*. They know they are irritable and fretful, but they cannot be otherwise.

They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, an uneasy feeling of puffy fulness, headache, heartburn and what not.

The effectual remedy, proved by permanent cures of thousands of severe cases, is

The Turk is at it again—persecuting, murdering, robbing and roasting Christians. Why should civilization tolerate crimes it is able to stop?

Ruining everybody's business in order to make the business of the trusts unprofitable is an idea that finds no favor with Theodore Roosevelt.

As usual, some of the European newspapers don't like the president's message. Well, it was produced solely for home consumption.

Ohio Democracy dropped Tom Johnson suddenly, and yet so quietly that the thud was scarcely noticed.

The gospel of hope crops out strongly in the president's message.

### OBITUARY

#### Mrs. George Duck.

The funeral services of Mrs. George Duck, well known in this city, occurred this afternoon from her late home in Irondale. Mrs. Duck died yesterday morning. She is survived by her husband and six children. Rev. Mr. Grimes, of the M. E. church at Irondale, officiated. Interment was made in Chestnut Grove cemetery.

### NEW OFFICERS CHOSEN

#### By Garfield Camp, S. of V., After a Spirited But Friendly Contest.

The annual election of officers was held by Gen. Garfield camp, S. of V., last evening, and though the contests for the several officers were spirited in every case, good feeling prevailed throughout the entire session. The young men who will have charge of the camp's affairs for the coming year are:

Captain, Joseph C. Davis; first lieutenant, Archie Searight; second lieutenant, John E. Bolton; members of camp council, J. J. Rose, W. R. Dawson, George Obney; delegates to division encampment, Homer J. Thompson, S. J. Withrow; alternates, J. F. Flowers, C. A. Ensign.

Post Captain Criss McConnell was chosen as installing officer, and this ceremony will take place on the first meeting night in January.

Eczema, scald head, hives, itchiness of the skin of any sort instantly relieved, permanently cured. Doan's Ointment. At any drug store.

### APPLES BY THE BUSHEL

#### A Fairmount Home Inmate Makes Them Disappear At a Great Rate.

There are 18 or 20 weak-minded children at the Fairmount Home, none of whom by right should be there. The state provides a place for the care of such unfortunate, but as this institution is always crowded beyond its capacity, Supt. Southworth has been unable to place the ones in his care. One of these children is a wonder in some respects.

This wonder is a boy about 18 years old, who has a penchant for eating apples, and just what his capacity is will perhaps never be known. He is employed in the boiler rooms, and on Friday he took a two bushel sack and went to the orchard and filled it with apples. At 10 o'clock the apples were all gone, and the supposition is that he ate them, or hid them. Next morning he had the mumps and will not eat any more for a few days at least. This boy will come to the table with an apple in his hand, and upon leaving the table immediately seizes an apple.

### AMUSEMENT.

"The King of Tramps," a four act comedy drama written by W. A. Tremayne and Irving Hall, was presented at the Grand last evening to an unusually small house. Will A. Peters, as Philosopher Bob, the King of the knights of the road, was the life of the play and he proved himself to be as clever a comedian as has been seen on the local stage this season.

His support from the others members of the company was excellent. As a whole the play and the company were above the average and deserved more liberal patronage.

### Spices.

If you have a recipe calling for a certain spice, it means that the best is needed to produce the desired flavor. The writer of the recipe you use, had in mind only perfect full flavored spices; if you use the ordinary ones, results must be unsatisfactory. We are agents for Gilpin, Langdon & Co's High Grade Spices—the very choicest the world produces—and that is the kind you should have. They cost a trifle more because they are all spice, but they go much farther and for that reason alone they are more economical than inferior grades, not to speak of their delicious flavor and wholesomeness.

## NEW PRESIDENT CHOSEN

Emmet A. Gerren Will Hereafter Preside at Water Works Trustees' Meetings.

At the water works trustees' meeting last evening President A. S. Rogers quit his office and W. G. Stewart was sworn in as a member of the board.

A new president was chosen, Emmet A. Gerren receiving the honor and entering upon his duties at once.

## Derailed At Toronto.

A wreck occurred at Toronto yesterday in which three cars and an engine were derailed. The wreck train from this city was derailed and after several hours work finally replaced the cars and engine on the track. No one was reported injured. The road was blocked for some time.

## Hurt at Toronto.

Jean Wagner, a well known brakeman or the river division of the C. & P. in attempting to jump on a train at Empire at 10 o'clock Monday evening fell along side the rail and had his left arm cut off above the elbow. The injured man was taken to Wellsville.

## Big Embezzler Wanted.

Major Fogo is in receipt of a communication from the Pinkerton National Detective agency of New York city offering \$2,000 reward for the arrest, or information leading to the arrest of one Victor Kecskemethy, who on November 14, 1901, absconded from Budapest, Hungary, with government funds amounting to 588,000 crowns (\$117,600). The man is a Hungarian, 24 years of age. Requisition papers charging him with grand larceny are now held at the Auto-Hungarian consulate, New York.

## Progress in Paving.

Rinehart Bros., the East Liverpool contractors who started only a few days ago upon the improvement of Spring Hill avenue by paving and curbing, have made very rapid progress and if given a chance will have the paving completed in the next ten days. The road is a very narrow one and is on the hillside, being therefore very difficult to work upon. Every day that the weather will permit, a large force of men are kept busy.

## To Extend Water Mains.

Contractor Shannon, of Orrville, and a force of men yesterday began excavating on Clark avenue preparatory to laying the pipe for the extensions to the water mains of the city. The contract for this work was let by the water works trustees several weeks ago. Mr. Shannon states that if the weather would permit, he would have the work completed on Clark avenue within a few weeks.

## Entertainment Soon.

Local union No. 24, N. B. of O. P., held its regular weekly meeting last evening in Potters' hall. No special business was transacted. The date for the next musical and literary entertainment was not decided upon. The entertainment will be held soon.

Howard Bradley, engineer on the B. & O. train that was wrecked at New Castle Sunday morning, was a native of Port Homer, where he was very popular. He was about 34 years of age and unmarried. Bradley, heretofore, was thought to have a charmed life. It was he who was in the cab at the Bakerton tunnel disaster on the B. & O. in July, 1901. He was caught in the cab and climbed out through the ventilator to sit down and cry over the loss of his engine. Two men were killed at that time.

Half a dozen times he has been in wrecks and half a dozen times the combination of circumstances has sent out another man in an engine to be killed where he ordinarily would have been.

A brother was killed on the railroad several years ago, and the dead man had a number of narrow escapes. The body was taken to New Cumberland yesterday morning. Interment was made in the Nessley chapel cemetery, opposite Port Homer.

## Progress in Paving.

Rinchard Bros., the East Liverpool contractors who started only a few days ago upon the improvement of Spring Hill avenue by paving and curbing, have made very rapid progress and if given a chance will have the paving completed in the next ten days. The road is a very narrow one and is on the hillside, being therefore very difficult to work upon. Every day that the weather will permit, a large force of men are kept busy.

## To Extend Water Mains.

Contractor Shannon, of Orrville, and a force of men yesterday began excavating on Clark avenue preparatory to laying the pipe for the extensions to the water mains of the city. The contract for this work was let by the water works trustees several weeks ago. Mr. Shannon states that if the weather would permit, he would have the work completed on Clark avenue within a few weeks.

## PRESBYTERIAN CHURCH

ACTION TAKEN TOWARD ORGANIZING IN CHESTER.

Matter to Be Laid Before Presbytery Building And Other Topics Discussed.

The meeting previously announced to make arrangements for a permanent organization of a Presbyterian church was held in the central school building last evening. Owing to the disagreeable weather only a few were present. Nevertheless the regular routine of business preparatory to a permanent organization was carried out. Several ministers were present to assist in the work, among them Rev. Matthew Rutherford, of Washington, Pa.; Rev. R. R. Bigger, of Wheeling; Rev. J. R. Hosick, of Hookstown, and Rev. D. A. Green, of Fairview. Rev. C. G. Jordan, of East Liverpool, who was expected, was unavoidably absent.

Rev. Mr. Rutherford was elected chairman of the meeting and O. O. Allison secretary. After prayer by Rev. Mr. Rutherford, Harper Ralston, A. G. Pugh and Samuel Allison were appointed a committee to prepare petition to be presented to the presbytery of Washington at Claysville, Pa., for the organization of a church in Chester.

It was estimated by those present that the petitioners signed could contribute \$600 annually towards a pastor's salary.

J. J. Keck, who recently was promoted from this city to Marietta, is home for a day or two helping to pack their household goods preparatory to moving to Marietta.

The question of a suitable place to meet was discussed, and Samuel Newell, John Bernard and William Allison were appointed a committee to secure a place. Samuel Allison was appointed a delegate to present the petition before presbytery at Claysville, Pa., December 9.

The dimensions and probable cost of a church suitable for the present use of a congregation in Chester were discussed at some length. It was stated that brick and stone had been offered free of cost for the erection of a church.

## REALM OF SPORTS

## BASKET BALL TEAM

The Plan of Having a Strong One Meets With Much Favor In This City.

In conversation with J. Howard Maxwell, of Rock Springs park yesterday, that gentleman told a News Review reporter the new project for a basket ball team in this city would not be discouraged by him. In fact, he thought it would be an excellent idea, and proposed to do all he could to make the project a success.

While many of the teams in this vicinity have organized for the season, not one has as yet played a championship game, nor will they for some time to come. For this reason there is no doubt that the club proposed for this city could get in excellent practice and be in first class form before a single championship game is played.

The sport has been little talked of here in former years, on account of the fact, doubtless, that East Liverpool had not had a crack team. Interest was not lacking when the great Y. M. C. I. aggregation played here last season, as was evidenced by the big crowd which attended the game, and it was thought then that a lineup could be got together in this city that would not have to take a back seat for any of them.

'Tis true the Y. M. C. A. has always supported a basket ball team, but for many and excellent reasons they have not been permitted to play as often and with the same sort of clubs as it would be the privilege of an independent aggregation to do.

It is thought when the team proposed by the News Review yesterday is shaped up for playing the game as it should be played, they will not need to fear anything in this community. About the first game to be scheduled will be one with the Steubenville people, who it is understood, is anxious to play here.

## REFORM IN FOOTBALL

Coach Yost, of Ann Arbor, Says the Rules Are in Need of Alteration.

"The usual long list of dead, injured and crippled at foot ball is, perhaps, a little longer than last season," said Coach Yost, of the University of Michigan.

"There is no denying that the game has the best following of any sport in the country, and that it, above all others, is the college game. The most ardent admirer of the game must admit that at times the style of play used is more brutal than scientific. Of course, each team is out to win and often their efforts are concentrated on putting the best man on the other team out of the game. This, at times, brings about a similar line of action from the other team. One can readily imagine just what sort of a game this would result in."

"No one will say that the game of foot ball has reached perfection, and surely one that produces as many casualties as it does needs alteration."

## Interstate League.

The Interstate Base Ball league will be reorganized next season and have a membership of eight clubs. Six cities have been decided upon, they being New Castle, Youngstown, Mansfield, Dayton, Canton and Wheeling and two other cities will be located in two of the following cities: Springfield, Sharon, Zanesville, Lima, Marion or Ft. Wayne.

## HERE'S A GOOD THING

Something You Can Readily Believe, As It's East Liverpool Evidence.

Mr. M. Rushton, of No. 387 West Market street, East Liverpool, Ohio, says: "Before I used Dr. A. W. Chase's Nerve Pills I got at Larkin's Drug Store, I was bilious—head felt achy and dull. The effect of the medicine was to clear the head—give a feeling of strength, energy and new life. This I think justifies a recommendation."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

## Kidney Disease Kills.

Its Victims Numbered by the Hundreds of Thousands.

Kidney diseases should be attended to at once, for almost 90 per cent. of our unexpected deaths of to-day are from that cause. Dr. David Kennedy's Favorite Remedy is the only sure cure known for diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is marvelously stops that pain in the back, relieves the necessity of urinating so often at night, drives away that scalding pain in passing water, corrects the bad effects of whiskey and beer and shows its beneficial effects on the system in an incredibly short time.

George L. Smith, foreman of the Holley Manufacturing Company's Works, Lockport, N. Y., says in a recent letter: "I have used Dr. David Kennedy's Favorite Remedy with the most beneficial results. I was troubled with gravel and kidney complaint very severely, it bothered me a great deal, and have found great relief from its use, and cheerfully recommend it."

"Favorite Remedy" is the most successful medicine ever discovered for kidney, bladder, liver and blood diseases. Its record of cures has made it famous in medical circles everywhere. It is recognized as a specific. It purifies the blood and dissolves the excess of uric acid in it, clears up the urine, restores the kidneys and bladder to their normal condition, and gently moves the bowels.

It is for sale by all druggists in the **New 50 Cent Size** and the regular \$1.00 size bottles—less than a cent a dose. *Sample bottle—enough for trial, free by mail.* Dr. David Kennedy Corporation, Rondout, N. Y.

Dr. David Kennedy's Golden Plasters strengthen Muscles, remove pain anywhere. 15c each.

\$2,000 and 85 per cent of the gate receipts will be given in cash prizes to the successful competitors. The tournament will be held in Tomlinson hall. Ten of the highest grade alleys have been ordered for the tournament and if the entries warrant it, two more will be added. It is expected that the total prize money will equal \$5,000, in addition to which a handsome prize will be given to the individual player making the highest score in three events, that is, nine games.

## Easy for the Eclipse.

The Eclipse bowling team had little difficulty in winning from the Colts on the Imperial alleys last evening. They landed every game and won the series by a total of 124 pins. The individual scores follow:

Eclipse—Dawson, 107, 148, 157; Logan, 151, 177, 149; Rose, 131, 157, 148; Williams, 132, 173, 128; Blind, 127, 151, 124.

Colts—Rigby, 155, 171, 136; Blythe, 139, 92, 104; Davidson, 114, 134, 121; McCord, 152, 127, 148; H. Clark, 130, 181, 132.

## To Bowl With Sebring.

The East Liverpool bowling team will play a series of games with the Sebring team tomorrow evening on the latter's alleys. The lineups will be as follows: East Liverpool—McElroy, Craig, Clark, Rigby, Kearns, Sebring—McLaughlin, Miller, Hughes, James, Mitchell.

## GROCERS' CONVENTION

Ohio Retailers in Session—Want Shorter Hours And Protection From Beats.

Columbus, December 3.—The annual convention of the Ohio Retail Grocers association opened at 10 o'clock yesterday morning in the auditorium of the Y. M. C. A. building. Over 600 delegates from all the cities and towns of the state were in attendance. A special train arrived from Toledo to-day bearing 300 delegates or more; another came from Springfield, and still another from Dayton.

President E. J. Ashley, of Toledo, president of the association, in speaking of the work of the association said: "In many respects the present is the most important convention the state has ever held. We have a number of subjects of great interest to consider, among them that of establishing a uniform system of credit rating for the grocers of the state. Heretofore there has been no exchange of this kind between the grocers of Ohio, and there is a class of people who move from town to town, beating the grocers out of bills in every place in which they stop. We want to put an end to this."

"Then the matter of earlier closing will be considered. There is no excuse why a grocer should be expected to keep his store open from 5 in the morning to 10 at night. Men in no other business do this."

"We want to put the business of the grocer on a higher plane, and to do this we must organize and agitate."

Several towns are after the 1903 convention, but there is no doubt that it will go to Dayton. The Toledo delegation has practically decided to support the claims of that city, and many other delegates have pledged their votes to the Montgomery county hustlers.

The convention was called to order by W. A. Knoderer, president of the local association, and the address of welcome was delivered by J. Y. Bassell, secretary of the Columbus board of trade. The response was made by J. Oehler, state vice president.

## DAVIDSON'S DOG

Reuben Is a Trained Animal And a Most Expert Jumper.

Edward Davidson is the owner of several fine specimens of the canine family and one of them in particular he values highly. Its name is "Reuben," and it is of the fox terrier tribe. What the little animal can't do is almost unknown to the tricks of dogs. Among its many accomplishments is jumping. Although very small, not weighing over 20 pounds, the animal can jump into the air within a few inches of nine feet.

A piece of paper tacked to a wall eight feet from the floor is easily taken down by the dog. Mr. Davidson takes much delight in showing off his valued animal and yesterday morning pleased a large crowd at the city hall in demonstrating its ability.

## AT THE THEATER

At the Grand tonight, over 50 people in the cast, catchy and tuneful music and popular songs that are bound to be whistled here as they were in New York. Among the numbers that have been interpolated in other productions owing to their great New York success are "Spotless Town," "Sometimes Perhaps," "That's the Way of a Sailor," "Love Is Just the Same," and the big song called "The Fireflies," sung by Miss Sherwood and the entire chorus. There are two acts and three scenes in "The Show Girl."

Blondell & Fennelly's famous pantomime farce comedy, "The Katzenjammer Kids," that has created such a universal impression upon those who have been fortunate to witness this mirth provoking comedy, will appear at the Grand Friday night. The company this year has been considerably strengthened by the best of talent that could be secured for laughing purposes upon which this meritorious comedy was founded. New songs have been injected, and it is an up-to-date show.

A popular play that is as clean as the odor of the pine trees which line the mountain sides or the crystal brook which runs over the granite rocks of the same big hills is "A Mother's Heart," which is scheduled for an early production in this city. All of the scenes of the play are laid up in the mountains, and while there is no time from the first until the final curtain that is devoid of interest, there is not a line that can possibly bring a blush to the cheek of anyone.

When the Chicago Stock company left this city last week, it took with it one of East Liverpool's contributions to the theatrical profession in the person of Thomas McGeever. Mr. McGeever did not succeed in getting out when the regular season began and took the next best course, which was to watch his opportunity and catch on with one of the many excellent companies playing here during the season. He will "run the props" and "do parts" for the Chicago stock.

## NATIONAL CAPITAL NOTES.

Colonel Henry C. Hasbrouck, artillery corps, commanding the post at Fort Adams, R. I., has been appointed a brigadier general. He will be re-titled immediately.

The navy department has been notified that the Asiatic squadron is assembling for the series of maneuvers in which it will be engaged this winter in eastern waters.

United States Minister Francis has notified the state department that he concluded yesterday a convention with Greece, providing for consular service in Greece and in the United States.

The house committee on appropriations yesterday directed Chairman Cannon to make a favorable report on his bill appropriating \$50,000 to defray the expenses of the anthracite coal strike commission.

The navy department has received the report of the board of inspection and survey appointed to conduct the trials of the submarine torpedo boat Moccasin. The recommendation is that the vessel be accepted after certain defects and items of unfinished work shall have been completed satisfactorily.

Commissioner General Sargent, of the bureau of immigration, introduced to the president yesterday the commissioners of immigration from all the principal ports of the United States, who are here in annual conference with the commissioner general on matters relating to their work.

The president extended to each commissioner a cordial greeting and impressed upon all the importance of their duties.

Senator Penrose, with a delegation of citizens from Johnstown, Pa., called on Assistant Secretary of the Treasury Taylor yesterday in regard to a site for the federal building in that city. It is understood that the property at the corner of Main and Jackson streets will be purchased or condemned, the citizens of Johnstown tentatively agreeing to make up the cost in excess of \$20,000. Among other sites selected was New Castle, Pa., corner of Mercer and North streets; price, \$25,000.

# PROSECUTIONS UNDER THE CODE

How Violators of the New Municipal Law Will Be Tried and Punished.

## HEAVY PENALTY PROVIDED

For Those Who Shall Refuse to Testify or Obey Subpoenas — Persons Convicted of Misdemeanor Forfeit Claim to Office.

A fact known to but few regarding the merit system, provided by the new code, is that all prosecutors for violators of the system shall be instituted by one of three officials, by the prosecuting attorney of the county in which the offense is alleged to have been committed, by the city solicitor or by the mayor, acting through special counsel, employed by him. The suits shall be conducted and directed by the prosecuting officers who institute them under there request the aid of other prosecuting officers.

If any person shall be convicted of a misdemeanor while holding any public office, the office shall, by force of such conviction, be rendered vacant, and such person shall be incapable of holding any office or place of public employment in the city for a period of five years from date of conviction. Any person who shall be served with subpoenas to appear and testify or to produce books and papers, which subpoenas have been issued by the mayor or by any person appointed by or acting under his control, in the course of an investigation of a public officer alleged to be guilty of a misdemeanor, and who shall refuse or neglect to appear or testify, or to produce books and papers involved and the investigation, as noted in such subpoenas, shall be guilty of a misdemeanor, and shall, on conviction, be punished by a fine of not less than fifty dollars, and not exceeding \$1,000 or be imprisoned in the county jail for a term not exceeding six months, or both, in the discretion of the court.

The fees for witnesses for attendance and trial shall be the same as witnesses receive before the court of common pleas of this state, which fees and the fees of the officer serving such witnesses shall be paid from the appropriation for the expenses of said department.

The court of common pleas of the county in which the city is situated, or any judge of that court, either in term time or vacation, upon application to the mayor, or his appointee, may in his or their discretion, compel the attendance of witnesses, the production of books and papers and the giving of testimony upon the mayor or appointee, by attachment for contempt or otherwise, in the same manner as the production of evidence may be compelled before the court. Every person, who, having taken oath or made affirmation before the mayor, or his appointee conducting the examination and authorized to administer oaths, shall willfully swear or affirm, corruptly or falsely, shall be guilty of perjury and upon conviction shall be punished accordingly.

## SETTLING FOR THE WINTER

Shantyboat Residents Placing Their Domiciles Where They Will Be High And Dry.

With the advent of winter the residents of the shantyboat district have commenced their customary preparations for the cold season. All have selected spots for beaching and as a result many wars of words have occurred and frequently blows are mixed. At the foot of Second street seems to be the most desirable winter quarters. There are now at this point so many boats that there is scarcely room for a passage way.

The boats that have been for the past several months anchored along the bank from Thompson's pottery down to Market street have been removed to the chosen harbor and during the past few days there has been a great scramble for position. All are desirous of getting the best location, one the closest to the top of the bank, and spectators say that comical pictures have been presented in the rush.

It is said that there is a likelihood of some action being taken on some of the people who have located for the season. They have apparently disregarded the action taken by council several weeks ago in ordering that no boats be anchored on city property and with nervy impudence are holding forth on the forbidden territory.

## CALLS FOR AID

They Continue to Come to Township Trustees, But Are Fewer Than Usual.

That East Liverpool is just now enjoying an era of prosperity needs no better evidence than a glance at the records of the township trustees for the opening months of winter.

"Yes, there is some business," said J. W. Albright when questioned, "but vastly fewer appeals for help than are customary at this season of the year.

There are people, as you well know, who take advantage of every opportunity to get something for nothing.

These we have to contend with at all times. This year, however, they are few, and our office has been troubled but little with the habitual alms seeker. When any member of a family takes down with a contagious disease, it is great temptation for them to appeal to our department as soon as they are placed under quarantine, and in a majority of cases they loose no time in doing so. This is about the only class of customers we have upon our lists at the present time."

The department is remarkably free of those characters who, at this season of every year, make a practice of looking up the trustees. They never fail in their attempt to sing a good song, and are seldom turned down.

## KEPT THE POSTMAN BUSY

Published Reward for Rheumatism Cure Brings Plenty of Offers, But None Are Accepted.

Kenton, December 3.—An article stating that Andrew Vance, of San Francisco, Cal., would pay \$10,000 for relief or cure of sciatic rheumatism appeared in yesterday's Plain Dealer. Today Vance received 147 letters, 12 telegrams, 11 special delivery letters and seven or eight long distance telephone messages, all offering cures.

The letters came from all over the state and many contained samples. Many people called at the local hospital, some of them being blacksmiths, others corn huskers, some farmers, all with receipts. He left for San Francisco this morning without trying any. Letters and telegrams are still coming.

## TOO LITTLE FOR A HORSE

James Nelson Refuses to Be Satisfied With \$13 for a \$40 Animal.

Upon a writ of replevin being issued in Squire McCarron's court at the instance of Thomas Nelson, acting as agent for his wife, Constable Powell and Nelson left this morning for the home of William Martin, a farmer living three miles north of the city, to take possession of a horse, the primary cause of the writ.

During the early part of last spring, according to Nelson, Martin bought the horse from Mrs. Nelson. It is brown, weighs 1,100 pounds and is known as "Charley." Martin was to pay \$40 for the horse. Upon receipt of the animal he paid \$13 down and gave a chattel mortgage for the remainder with interest at 6 per cent.

"We don't want the horse," said Nelson to the squire. "We would much rather that he kept him, but we don't propose to let him off with the payment of \$13. We tried every way imaginable to prevent this suit. I told Martin that we would accept hogs or anything as payment, but he evidently thinks that he can keep us out of our rights, and we won't have it that way."

The case will be heard before the squire on the morning of December 8.

## THRESHERS ORGANIZE

Branch Formed at Lisbon for Mutual Protection And Advantage.

Lisbon, December 3.—(Special)—A branch of the Threshers' National Protective association has been organized in this city by W. H. Webber, of Chicago, and G. R. Murray, of Brown City, Mich. The local association starts with 55 members, and will meet on the last Saturday of each month. Prominent manufacturers of threshing machines were the prime movers in organizing the society.

One of the principal objects is to secure uniformity of prices for work. Machines can be bought cheap and many who lack business capacity have invested in them, only to use the machines a short time, doing work at any price. They find this method unprofitable and in many cases machines have been returned to the manufacturers.

To Recover Property of a Theatrical Troupe Which Came to Grief In Minerva.

Pittsburg, December 3.—The case of the Hyde-Clause company against Mrs. Lulu Templeton and others was heard in common pleas court No. 1 yesterday. It is an action in replevin to recover the scenery of the "Under Two Flags" company, which came to grief in Minerva, O., but finally managed to get to Ironton, O. Mrs. Templeton's daughter was one of the stars, and when the troupe stranded she advanced \$125 to get the members home. To secure her loan Mrs. Templeton was given a bill of sale on the property, and she brought all of it to Pittsburg and placed it in storage. Mrs. Templeton's claim was disputed and the scenery was replevined. The jury awarded Mrs. Templeton \$190.

## SON OF A PIONEER CLAY MANUFACTURER

CHARLES A. FREEMAN DEAD AT STEUBENVILLE.

He Was a Prominent Business Man, Well Known in Upper Ohio Valley.

Steubenville, December 3.—Charles A. Freeman, died at the family residence on La Belle avenue, on Monday after prolonged suffering. Mr. Freeman was the son of Thomas Freeman, the pioneer potter of the Ohio valley, who discovered the first fire clay in this vicinity, and made the first fire brick at Freeman's Landing in 1834, having moved from Pittsburg in 1832. Charles A. was born at Greenman's Landing, W. Va., near New Cumberland, September 24, 1836, and lived his entire life in the Ohio valley and was also one of the noted firm of Freeman Bros. Fire Clay company. He started in the fire brick business with his brothers, James L. and Samuel D. at Hobart's Run in 1858, and successfully pursued this business until 1875, when James L. retired and the firm took the name of Freeman Bros. and continued in the successful manufacture of sewer pipe and fire brick until 1900, when they sold to the Central Sewer Pipe company, Charles A. Freeman, retaining an interest and being elected secretary of the company with offices in this city. He was a business man of sterling integrity and one of the finest financiers of the company.

Mr. Freeman also served his country through the civil war, enlisting in the First West Virginia Infantry in April, 1861, and was promoted to First Lieutenant of Co. C. and was acting as captain when captured and taken a prisoner to Virginia. He was taken to Libby prison for four months, when he was exchanged.

Afterwards he was appointed assistant adjutant general upon General Kelly's staff, and was honorably discharged in November, 1864. Mr. Freeman married Miss Emma Smythe, of Pittsburg, on June 6, 1872. They lived in New Cumberland until 1885, when they removed to Steubenville. Of their four children two died in New Cumberland and two survive with their mother at the homestead, Alfred S. Freeman, vice president of the American Clay company, of Ironton, and Miss Tilda. Mr. Freeman was a consistent member of the Second Presbyterian church, a trustee of the church for many years and a deacon for the past year.

He was the youngest of nine brothers and three sisters, all of whom are dead, except John M. Freeman, of this city; Mary, wife of Rev. Truesdale, of Alexandria, Indiana, and Miss Jennie, Freeman, of New Cumberland. Mr. Freeman was a member of the Veteran Legion of Honor, a member of the ex-Prisoners of War association of Jefferson county and New Cumberland Post G. A. R.

## HEAVY PENALTY PROVIDED

For Those Who Shall Refuse to Testify or Obey Subpoenas — Persons Convicted of Misdemeanor Forfeit Claim to Office.

A fact known to but few regarding the merit system provided by the new code, is that all prosecutors for violators of the system shall be instituted by one of three officials, by the prosecuting attorney of the county in which the offense is alleged to have been committed, by the city solicitor or by the mayor, acting through special counsel, employed by him. The suits shall be conducted and directed by the prosecuting officers who institute them under there request the aid of other prosecuting officers.

If any person shall be convicted of a misdemeanor while holding any public office, the office shall, by force of such conviction, be rendered vacant, and such person shall be incapable of holding any office or place of public employment in the city for a period of five years from date of conviction. Any person who shall be served with subpoenas to appear and testify or to produce books and papers, which subpoenas have been issued by the mayor or by any person appointed by or acting under his control, in the course of an investigation of a public officer alleged to be guilty of a misdemeanor, and who shall refuse or neglect to appear or testify, or to produce books and papers involved and the investigation, as noted in such subpoenas, shall be guilty of a misdemeanor, and shall, on conviction, be punished by a fine of not less than fifty dollars, and not exceeding \$1,000 or be imprisoned in the county jail for a term not exceeding six months, or both, in the discretion of the court.

The fees for witnesses for attendance and trial shall be the same as witnesses receive before the court of common pleas of this state, which fees and the fees of the officer serving such witnesses shall be paid from the appropriation for the expenses of said department.

The court of common pleas of the county in which the city is situated, or any judge of that court, either in term time or vacation, upon application to the mayor, or his appointee, may in his or their discretion, compel the attendance of witnesses, the production of books and papers and the giving of testimony upon the mayor or appointee, by attachment for contempt or otherwise, in the same manner as the production of evidence may be compelled before the court. Every person, who, having taken oath or made affirmation before the mayor, or his appointee conducting the examination and authorized to administer oaths, shall willfully swear or affirm, corruptly or falsely, shall be guilty of perjury and upon conviction shall be punished accordingly.

## SETTLING FOR THE WINTER

**Shantyboat Residents Placing Their Domiciles Where They Will Be High And Dry.**

With the advent of winter the residents of the shantyboat district have commenced their customary preparations for the cold season. All have selected spots for beeching and as a result many wars of words have occurred and frequently blows are mixed. At the foot of Second street seems to be the most desirable winter quarters. There are now at this point so many boats that there is scarcely room for a passage way.

The boats that have been for the past several months anchored along the bank from Thompson's pottery down to Market street have been removed to the chosen harbor and during the past few days there has been a great scramble for position. All are desirous of getting the best location, one the closest to the top of the bank, and spectators say that comical pictures have been presented in the rush.

It is said that there is a likelihood of some action being taken on some of the people who have located for the season. They have apparently disregarded the action taken by council several weeks ago in ordering that no boats be anchored on city property and with nervy impudence are holding forth on the forbidden territory.

## CALLS FOR AID

**They Continue to Come to Township Trustees, But Are Fewer Than Usual.**

That East Liverpool is just now enjoying an era of prosperity needs no better evidence than a glance at the records of the township trustees for the opening months of winter.

"Yes, there is some business," said J. W. Albright when questioned, "but vastly fewer appeals for help than are customary at this season of the year. There are people, as you well know, who take advantage of every opportunity to get something for nothing. These we have to contend with at all times. This year, however, they are few, and our office has been troubled but little with the habitual alms seeker. When any member of a family takes down with a contagious disease, it is a great temptation for them to appeal to our department as soon as they are placed under quarantine, and in a majority of cases they loose no time in doing so. This is about the only class of customers we have upon our lists at the present time."

The department is remarkably free of those characters who, at this season of every year, make a practice of looking up the trustees. They never fail in their attempt to sing a good song, and are seldom turned down.

**Published Reward for Rheumatism Cure Brings Plenty of Offers, But None Are Accepted.**

Kenton, December 3.—An article stating that Andrew Vance, of San Francisco, Cal., would pay \$10,000 for relief or cure of sciatic rheumatism appeared in yesterday's Plain Dealer. Today Vance received 147 letters, 12 telegrams, 11 special delivery letters and seven or eight long distance telephone messages, all offering cures.

The letters came from all over the state and many contained samples. Many people called at the local hospital, some of them being blacksmiths, others corn huskers, some farmers, all with receipts. He left for San Francisco this morning without trying any letters and telegrams are still coming.

## TOO LITTLE FOR A HORSE

**James Nelson Refuses to Be Satisfied With \$13 for a \$40 Animal.**

Upon a writ of replevin being issued in Squire McCarron's court at the instance of Thomas Nelson, acting as agent for his wife, Constable Powell and Nelson left this morning for the home of William Martin, a farmer living three miles north of the city, to take possession of a horse, the primary cause of the writ.

During the early part of last spring, according to Nelson, Martin bought the horse from Mrs. Nelson. It is brown, weighs 1,100 pounds and is known as "Charley." Martin was to pay \$40 for the horse. Upon receipt of the animal he paid \$13 down and gave a chattel mortgage for the remainder with interest at 6 per cent.

"We don't want the horse," said Nelson to the squire. "We would much rather that he kept him, but we don't propose to let him off with the payment of \$13. We tried every way imaginable to prevent this suit. I told Martin that we would accept hogs or anything as payment, but he evidently thinks that he can keep us out of our rights, and we won't have it that way."

The case will be heard before the squire on the morning of December 8.

**Branch Formed at Lisbon for Mutual Protection And Advantage.**

Lisbon, December 3.—(Special)—A branch of the Threshers' National Protective association has been organized in this city by W. H. Webber, of Chicago, and G. R. Murray, of Brown City, Mich. The local association starts with 55 members, and will meet on the last Saturday of each month. Prominent manufacturers of threshing machines were the prime movers in organizing the society.

One of the principal objects is to secure uniformity of prices for work. Machines can be bought cheap and many who lack business capacity have invested in them, only to use the machines a short time, doing work at any price. They find this method unprofitable and in many cases machines have been returned to the manufacturers.

## FARMERS WILL FIGHT

**Those of Perry Township Object to Paying Road Taxes Under New Law.**

Salem, December 3.—(Special)—

The farmers of Perry township will

meet in Attorney A. W. Taylors'

office this evening for the pur-

pose of taking some action against the

payment of the road taxes under the

new road law which was passed at

the last regular session of the legisla-

ture last spring, making an ap-

pointive office of a road commissioner

for each district. The above law has

been pronounced unconstitutional

and the farmers of Perry township

expect to stand adverse to the paying

of the road taxes under this law and

have sought the legal aid of prominent

attorneys, among them A. W. Taylor,

who will defend their interests.

They have decided to form an al-

liance towards fighting a law which

they consider impracticable for the

farmer's good.

To Recover Property of a Theatrical Troupe Which Came to Grief In Minerva.

Pittsburgh, December 3.—The case of the Hyde-Clause company against Mrs. Lulu Templeton and others was heard in common pleas court No. 1 yesterday. It is an action in replevin to recover the scenery of the "Under Two Flags" company, which came to grief in Minerva, O., but finally managed to get to Irondale, O. Mrs. Templeton's daughter was one of the stars, and when the troupe stranded she advanced \$125 to get the members home. To secure her loan Mrs. Templeton was given a bill of sale on the property, and she brought all of it to Pittsburgh and placed it in storage. Mrs. Templeton's claim was disputed and the scenery was replevined. The jury awarded Mrs. Templeton \$190.

## SON OF A PIONEER CLAY MANUFACTURER

**CHARLES A. FREEMAN DEAD AT STEUBENVILLE.**

**He Was a Prominent Business Man, Well Known in Upper Ohio Valley.**

Steubenville, December 3.—Charles A. Freeman, died at the family residence on La Belle avenue, on Monday after prolonged suffering. Mr. Freeman was the son of Thomas Freeman, pioneer potter of the Ohio valley, who discovered the first fire clay in this vicinity, and made the first fire brick at Freeman's Landing in 1834, having moved from Pittsburg in 1832. Charles A. was born at Greenman's Landing, W. Va., near New Cumberland, September 24, 1836, and lived his entire life in the Ohio valley and was also one of the noted firm of Freeman Bros. Fire Clay company. He started in the fire brick business with his brothers, James L. and Samuel D. at Hobert's Run in 1858, and successfully pursued this business until 1875 when James L. retired and the firm took the name of Freeman Bros. and continued in the successful manufacture of sewer pipe and fire brick until 1900, when they sold to the Central Sewer Pipe company, Charles A. Freeman, retaining an interest and being elected secretary of the company with offices in this city. He was a business man of sterling integrity and one of the finest financiers of the company.

Mr. Freeman also served his country through the civil war, enlisting in the First West Virginia Infantry in April, 1861, and was promoted to First Lieutenant of Co. C. and was acting as captain when captured and taken a prisoner to Virginia. He was taken to Libby prison for four months, when he was exchanged.

Afterwards he was appointed as assistant adjutant general upon General Kelly's staff, and was honorably discharged in November, 1864. Mr. Freeman married Miss Emma Smythe, of Pittsburg, on June 6, 1872. They lived in New Cumberland until 1885, when they removed to Steubenville. Of their four children two died in New Cumberland and two survive with their mother at the homestead. Alfred S. Freeman, vice president of the American Clay company, of Irondale, and Miss Tilda. Mr. Freeman was a consistent member of the Second Presbyterian church, a trustee of the church for many years and a deacon for the past year.

He was the youngest of nine brothers and three sisters, all of whom are dead, except John M. Freeman, of this city; Mary, wife of Rev. The members of the local association are sorely disappointed, as they anticipated a rare treat.

**Stolen Spaniel** — Chief Thompson was notified last evening to be on the lookout for a man who had in his possession a water spaniel dog, brown spotted and a short tail, the property of Homer Taylor. The animal was shipped by Mr. Taylor to a friend at Sebring some time ago and yesterday it was stolen by a man who is supposed to have come to this city. The chief ordered the police to keep an eye on all stray dogs.

**Fell From a Chair** — While in the act of placing a picture on the wall at their home on Fourth street yesterday afternoon, Mrs. Harry Alcorn met with a painful but not serious accident. She had stepped upon a chair and was reaching toward a nail when the chair overturned and precipitated her to the floor with great violence. As a result her right arm was sprained and she was otherwise shaken up.

19TH YEAR. NO. 283.

EAST LIVERPOOL, O., WEDNESDAY, DECEMBER 5, 1902.

TWO CENTS.

## POTTERS ARE HONORED GIVEN SPECIAL AUDIENCE BY THE CHIEF EXECUTIVE

President Roosevelt Chats With the East Liverpool Men and Gives H. P. Knoblock a Quizzing.

Washington, December 3.—(Special) Committee consisting of Col. Taylor, W. L. Smith, W. E. Wells, George Burford, of East Liverpool; Mr. Franzheim, of Wheeling, and Jno. A. Campbell, of Trenton, was appointed on Ways and Means to furnish an exhibit for the St. Louis exposition.

The election of officers will be in order tomorrow and the delegates are favorable to H. A. Keffer, of East Liverpool, for secretary. A banquet will be held tonight in the Raleigh Hotel, at which Congressman Tayler will be toast master.

Committee reports were heard yesterday. Among the most important was that of the committee appointed to prepare a uniform size list. The report was made up of a list known as "suggested proper sizes and suggested maximum sizes." The committee recommended the adoption of the double list for the reason that if maximum sizes alone were given modelers would naturally work to that size while if a correct average size were given there would be a tendency to hold sizes down to that. It is understood there are no radical changes in the lists. It is probable the report of the committee will be adopted.

Knoblock was the answer. "Spell it," said the president. "Knoblock," said the East Liverpool man, like a school boy blushing red.

"I suppose you have relatives?" asked Mr. Roosevelt.

"Oh! yes," was the reply. "Well," said the president, with a broad smile, at the same time slapping Mr. Knoblock on the shoulder. "I had two men by your name in my regiment and if you are anything like them, you are a cracker jack."

Reports were heard today from the different standing committees, and a

## TOOK CHLOROFORM

TO END HIS LIFE

HOMER HEADLY TRIED TO KILL HIMSELF IN THE EAST END.

Drank an Ounce of the Deadly Drug  
And His Life Is in the Balance.

Despondent after a three days' debauch, Homer Headly, a young man well known in the city, attempted suicide at the saloon of Robert Maxwell, in the East End, this afternoon by drinking an ounce of chloroform.

In a moment after swallowing the deadly fluid Headly fell unconscious to the floor and was removed to a bed in a room over the saloon. Dr. R. J. Marshall was summoned. The physician administered antidotes and the sufferer vomited spasmodically.

At 3 o'clock he was sleeping soundly and it is thought that he has chances for recovery, but the physician states that his life hangs in the balance.

## THREE FINE HORSES

Purchased By George F. Brunt in New York Received in This City Today.

George F. Brunt this morning received his three fine horses purchased at the Basix Tipton sale in New York city. They were in excellent condition upon their arrival with the exception of being tired, due to the long ride and little chance to rest.

The trio are said to be of the best stock in the country and are known as Battleton, Baron Oakland and Adolph. Battleton has a mark of 2:09 1/4 and will be used by Mr. Brunt as a roadster. Baron Oakland has no mark, but can clear a mile in 2:20 or less.

## ANOTHER HORSE THEFT

Reported from Wellsville, Where Willis Little's Rig Has Disappeared.

Lisbon, December 3.—(Special) For a second time within a few days the sheriff has been requested to watch for a horse and buggy stolen from its hitching place in Wellsville. Willis Little, an employee in the rolling mill, who has been driving to and from his place of work, found that his horse and buggy had been taken from its hitching place and driven towards Lisbon.

The horse was one formerly used by John Kerr, a Wellsville milk dealer.

## MAIL BAG THIEF A COLORED MAN

What Detective Conley, of McDonald, Pa., Says of the Suspected Man.

## BOISTEROUS NIGHT UPON THE WATER

Rivermen Say the Wind Was About the Fiercest They Ever Encountered.

## ORDERS ARE NOW AWAITED BEN HUR IN MUCH PERIL

From Inspector Owens for the Arrest to Be Made—The Alleged Guilty Man Reported to Be in Ohio at Present.

Shanty Boat People Terrified By the Violence of the Wind And Waves—Captain Martindill Says the Night Was the Worst He Ever Knew.

From a telephonic communication with Detective M. R. Conley, of McDonald, Pa., the News Review learned today that the man supposed to have stolen the mail bag from the local depot was not arrested last evening, as expected, but that he will be taken in charge immediately after advice is received from Inspector of Railway Mail Owens, who has his headquarters at Cleveland.

The suspect is a negro and in every particular talies with the description given by Cashier Harry T. Hall, of the Dollar Savings bank, to the police of the colored man who entered the bank and flashed a check, demanding payment. He is of a coffee color, weighs 185 pounds and has every appearance of a tricky individual.

Detective Conley would not state the exact location of the man but said that he is in hiding in the north eastern part of the state and nearer Youngstown than East Liverpool. An assistant of the detective located the negro. He has gained considerable notoriety in running down bad characters among the colored population and it was while on the trail of another man that he learned of the alleged mail bag robber. A confederate of the latter betrayed him, telling the detective's assistant of his having in possession of checks and other valuables and of having passed several checks and of his attempt to pass others.

Postmaster Surles was telephoned to yesterday by Detective Conley and advised that Inspector Owens be communicated with before the arrest be made. This the detective will heed and is now awaiting word from the Inspector.

The people in the shantyboat district were also considerably frightened, though the danger was less to them, as they were to some extent sheltered from the full force of the gale.

When it veered and blew toward the northeast, however, they experienced its full force.

The boats were driven against the shore and lashed with the

full force of the gale.

Captain Martindill told a News Review reporter this morning that in all his years of experience on the river he had never experienced a wind of

greater velocity.

The new officers will be installed at the first meeting of the lodge in January.

Gathering Labor Statistics.

Columbus, December 3.—(Special)

Veronica McLaughlin, special agent of the state department of labor, now

gathering statistics on female em-

ployment in East Liverpool, will visit

Wellsville upon the completion of her

work in the former city. From Wellsville she will go to Steubenville.

A Producer.

The oil well drilled in yesterday on

the Edward Spence farm, near George-

town, is a producer and is estimated

to be good for from 15 to 20 barrels

a day.

## BURSTING OF A FLY WHEEL SPREADS HAVOC AND WRECK CRUSHING A MAN BADLY

Mishap While Testing New Engine at Wellsville Power House Results in Serious Damage.

The bursting of a huge flywheel on a mammoth engine at Wellsville this morning caused wreck and havoc. The fragments were thrown about with the force of cannon shot and wrecked buildings and fences, tore up the paved street, crushed a man's leg so that amputation was necessary and narrowly missed killing several persons.

The employes of the United Power company at the Lisbon street plant were giving the new 1,000 horsepower engine lately received from Harrisburg a preliminary test about 9:45 a. m. when too high speed caused the rim of the big fly wheel to break into innumerable fragments. The wheel was eight feet or more in height and very heavy. The spokes remained in place, but the pieces of the rim flew in every direction.

The engine room, or the portion of it near the huge machine, was almost a complete wreck. The heavy metal ore up the floor, smashed into valuable machinery nearby, crashed into the walls and through the roof.

Singularly enough, no one about the power house was injured. John Miller, a carpenter of Ninth street, was the only victim of the accident thus far reported. He was working a block and a half away on the roof of Burgess & Co.'s stilt factory. He heard the huge

angry waves that threatened to engulf them. When the direction changed again they tugged and pulled at their moorings. Fortunately all were securely fastened and their occupants escaped with being severely shaken up.

Captain Gus Martindill, of the wharfboat, kept a vigilant watch during the play of the elements, fearing that the boat would be carried from her moorings. Extra cables were hastily made fast to the shore and the other fastenings were doubly secured. The boat, which sets high in the water, caught the full force of the gale.

## PROSPECT STREET GRADING

Bids for the Work Opened Today at the Office of the City Clerk.

Bids were opened today by City Clerk Davidson and City Engineer Kelly in the former's office for the grading of Prospect street from Calcutta road to Lincoln avenue. There were but two bids filed, one by B. F. Hinton, a local stone contractor, and the other by A. W. Stevenson, the street paving contractor who has done much work in Chester during the past few months.

The bid of Hinton was much less than that of Stevenson, he bidding 40 cents per cubic yard and Stevenson 54 cents.

## WITH THE WORKMEN IN THE CLAY PLANTS

### NOTICE MUST BE GIVEN.

After an expenditure of both time and money the jiggers of the East Liverpool district have at last hit upon a plan that will not only be a relief to them in the matter of securing help, but will enable them to know when they have a crew employed that the force will at least be compelled to inform their employer upon leaving the job. It is a well known fact that jiggers have suffered untold inconvenience and financial loss by the practice of helpers, batters-out, mould runners and finishers leaving a situation without giving notice. To the present there has been no redress, but by an arrangement just made every pottery firm in the jurisdiction of the Western Manufacturers' association has agreed to require jiggers' help to give the customary notice of two weeks before leaving a situation. Loss of time to the several firms has been occasioned by these employees of the jiggers giving up a situation without notice, and it was deemed necessary to take some steps to remedy the evil. The rule adopted will be applied both ways, and both employee and employer will be required to give two weeks' notice in case a change is desired.

### A BIG ORDER.

The Beaver Clay Manufacturing company, with its plant at New Galilee, is rushing work and turning out about 25,000 fine quality hard brick every day. Its sixth kiln is ready for the crown and they expect to build six more. The company got an order the other day from Washington, Pa., for 1,000,000 bricks. Work will be started on this order next week and it will require several weeks to fill it. After the plant is in full operation and has a sufficient number of kilns the owners will begin the manufacture of enameled bricks. B. B. Todd, the superintendent, has at his office at Seventh avenue and Thirteenth street, Beaver Falls, some samples made at the New Galilee plant and they are very fine ones.

### STRUCK BY A CAR.

Mrs. Maude Johnson, of the dipping department at the Smith & Phillips, is confined to her home in Calhoun addition suffering severely from injuries received last Sunday by being struck by a street car. The accident occurred near Pointer's store in the East End. At this point the track curves. Mrs. Johnson was waiting for the car to pass and thought she was standing a safe distance away. She was not, however, and the rear end of the car struck her on the right shoulder knocking her to the ground. A physician was called and it was found that while the arm and shoulder were badly bruised no bones were broken. It will be week or more before she can return to work.

### SECURED NEAT SUM.

By their recent entertainment at Pythian hall the several pottery locals of the Wheeling district, obtained a nice sum which will be used for the entertainment of the delegates to the next annual convention of the National Brotherhood of Operative Potters, which will be held in Wheeling, in May. They have decided to give four entertainments during the winter season, all of which will be for the purpose of raising funds for the entertainment of the delegates who will attend the convention.

### THE NEW TANK.

The new tank and derrick for the Smith & Phillips pottery was received at the plant Monday and will be erected as soon as President Smith, of the company, returns from Washington, where he is attending the convention of the United States Potters' association. The tank proper is made of wood and the supporting derrick of steel. It will be 56 feet in the air, 12 feet higher than the one now in use and will have a capacity of 150 barrels.

### MEETING OF NO. 12.

Last night was the regular meeting for local union No. 12 to elect officers, but owing to the inclement weather the attendance was small and it was deemed best to defer the selection of those who will have charge of the af-

fairs of the organization during the coming year until the next meeting. Therefore routine matters occupied the time during the session of last evening.

### PAINFUL INJURY.

Newton Carey, a mould runner at the Smith & Phillips, had quite a painful accident yesterday and as a result received a gash on his head. While passing through a narrow doorway he collided with another employee who was carrying a number of ware boards on his shoulder. The ends of the boards struck young Carey, inflicting the wound, which is painful, but not of a serious nature.

### STILL OFF DUTY.

Roy Calhoun, in charge of the reporting department of the Potters' Protective association, is still off duty. Mr. Calhoun has not been well for some time, and thought a loaf of a week would benefit his health. He is not yet able to resume his duties and the vacation may be prolonged.

### INTERESTING LECTURE.

Secretary M. C. Wright, of the Y. M. C. A., made a short address yesterday noon to the men at the Smith & Phillips. About 30 gathered in the green room to hear him talk on the "Life and Travels of Christ in Palestine," and all were impressed by his earnestness and eloquence.

### MAY ADD MRS.

Miss Kate Sullivan went to East Liverpool Saturday, says the Sebring News. Reports have it that Kate will soon add Mrs. to her name. Miss Sullivan was employed in the decorating department at the Oliver, and has many friends here whose best wishes go with her.

### A RECENT WEDDING.

Miss Effie Berkheimer and Asa Hughes, both employed at the Smith & Phillips, were married at the home of the bride one day last week. They will go to housekeeping in the near future. Both are popular young people with a host of friends.

### MARK OF RESPECT.

The American Porcelain company, at New Brighton, closed down yesterday and will remain closed down until tomorrow, in respect to the demise of Mrs. Thomas Craven, whose husband is foreman of the plant.

### NOTES OF THE POTTERS.

George Morgan, kiln placer at the Smith & Phillips, is reported among the sick.

John Pollock, of the biscuit end at the Smith & Phillips, has been off duty several days on account of sickness.

James Quigg, mould runner for Andy Hester, at the Smith & Phillips, has been laid up several days with sickness.

Charles Brown, a dishmaker at the Smith & Phillips, has returned to work again after a serious illness of about three weeks.

William Baxter, of the glost end at the Smith & Phillips, has been kept from his work the past few days by the serious illness of his mother.

William Pollock and George Wilson, who operate the big jiggers at the Smith & Phillips, have been confined to their homes the past few days with sickness.

Misses Maude Taylor, Anna Quigg and Belle Easterday, of the glost warehouse at the Smith & Phillips, will spend next Sunday with friends at Pittsburgh.

James Jamison, of the glost end at the Smith & Phillips, who was severely injured two weeks ago by falling from the steps of a kiln, is entirely recovered and returned to his work yesterday.

### Sullivan Will Succeed Himself.

John J. Sullivan will succeed himself as United States attorney for the northern Ohio district. Frank M. Chandler will be reappointed United States marshal for the same territory upon the expiration of his present term, says a Washington special. Alexander Bruce will retire at the end of his term as appraiser of merchandise, and another Republican will succeed him.

### MAHONING PRESBYTERY

#### HOLDS AN INTERESTING SESSION AT LISBON CHURCH.

#### SEVERAL PROSPECTIVE CHANGES IN PASTORATES RECEIVE OFFICIAL ATTENTION.

Lisbon, December 3.—(Special)—An adjourned session of Mahoning presbytery was held in the Presbyterian church here yesterday afternoon and evening. Moderator Rev. W. F. McCauley, of Salem, presided, with Rev. J. P. Anderson, of Lisbon, as stated clerk.

The meeting opened with the consideration of some business matters. At his own request, Rev. H. M. McCombs was released from his pastoral duties at Rogers and Clarkson and dismissed to the Pittsburg presbytery.

Calls from Calvary church, Canton, and the church at East Palestine to Revs. Reese W. Edwards, of Ottawa, O., and W. P. Hollister, of Wilson avenue, Cleveland, respectively, were extended and accepted. Installation services will be held at East Palestine Monday evening, December 10.

Rev. W. G. White, of Youngstown, will preside and preach the sermon. Rev. R. A. Carnahan, of Alliance, will charge the pastor, and Rev. J. C. Pickens, of Sebring, will charge the people.

The installation at Calvary church, Canton, will take place December 17. Rev. O. B. Milligan, of Canton First church, will preside. Rev. S. S. Scovell, D. D., ex-president of Wooster university, will be invited to preach the sermon. Rev. W. H. Hudnut, of Youngstown, will charge the pastor and Rev. R. E. Porter, of Columbian, will deliver the charge to the people.

The installation at Calvary church, Youngstown, to the Presbyterian church has been suggested, and was considered at some length, but was not finally decided yesterday. This mission has been in charge of the Methodists for some time, but as that denomination, with several others represented in the district referred to, it was deemed proper to transfer the mission to the Presbyterians, who have no mission in this part of the city. A program of addresses on religious work was carried through at both sessions.

The ministers present were: R. A. Carnahan, Alliance; W. H. Hudnut, M. G. White and D. H. Evans, Youngstown; O. B. Milligan, Canton; M. F. McCauley, Salem; S. L. Dickey, North Benton; J. P. Anderson, Lisbon; J. C. Pickens, Sebring; W. P. Hollister, Cleveland; R. E. Pugh, Hubbard; H. W. McCombs, Clarkson.

The next meeting of the presbytery will be held at Alliance.

Sullivan Will Succeed Himself.

John J. Sullivan will succeed himself as United States attorney for the northern Ohio district. Frank M. Chandler will be reappointed United States marshal for the same territory upon the expiration of his present term, says a Washington special. Alexander Bruce will retire at the end of his term as appraiser of merchandise, and another Republican will succeed him.

### A TRACTION MAGNATE

#### Reported Intention of Ex-Governor Bushnell to Become One.

Springfield, December 3.—It is reported today that former Governor Bushnell, who, it is said, realized something like \$5,000,000 in the sale of his interests in the Warder, Bushnell & Glessner company, will enter the business of building traction lines in Ohio, forming a coalition with John C. Webb for that purpose.

Mr. Webb is the principal stockholder of the Columbus, Delaware & Marion railroad and holds large interests in the Dayton, Springfield & Urbana and the Columbus, London & Springfield lines. It is said that \$2,000,000 will be set aside for promoting purposes.

Neither of the parties connected with the deal will verify the report, but the fact that Mr. Bushnell recently took a party of 50 local people over the Appleyard and Webb lines gives color to the story.

## EAST END

## THE MAYORALITY FIGHT

Dr. Marshall's Entry Into It Complicates Fifth Ward Councilmanic Situation.

The candidacy of R. J. Marshall for the Republican mayoralty nomination has at least served to complicate the councilmanic situation in the Fifth ward. It is not at all likely that there would have been any serious opposition had he been a candidate for re-election to this office, but with him out of the race, the candidates will be numerous. It is not known at this time whether or not W. B. Thomas, the other councilman from the ward, will be a candidate for re-election. If he is it will not keep the other candidates out of the field and the campaign, complicated as it will be by the mayoralty fight, promises to be a lively one.

Among the councilmanic candidates several will no doubt aspire to be councilman-at-large. There is plenty of good timber in the East End if it can only be utilized. Among the "great oaks" prominently mentioned are T. F. Anderson, Sam Dixon, Dr. F. F. Davis, Dr. W. E. Mowen, W. A. Andrews and Jesse Smith. None of these gentlemen are known to have political aspirations, however, and a part, if not all of them will decline to be candidates.

## AN INTERESTING PROGRAM

Rendered at the Reception Given by One Missionary Society to Another.

The reception yesterday evening from 8 to 10 o'clock at the home of Mrs. T. F. Andrews on Pennsylvania avenue given by the Ladies' Missionary society of the Second Presbyterian church to the same organization of the First Presbyterian church was a very pleasant and enjoyable function. In spite of the heavy rain that fell during the evening about 50 ladies were present from the two societies. The program, consisting of musical numbers and brief papers and talks, was a pleasing feature.

Mrs. J. N. Swan read an interesting paper, "Reminiscences" and Mrs. J. P. Orr talked entertainingly of the "Chinese in America." Mrs. Orr spent several years in California and her remarks were from her personal observations. The vocal duet by Mrs. W. R. Clark and Mrs. J. R. Warner was well received. Rev. J. N. Swan and N. J. Watson read short and able papers. The piano duet by Mrs. M. B. Farrar and Mrs. N. M. Crowe completed the program and tempting refreshments were then served.

## WEBB-BONTEMPT

Pretty Wedding to Be Solemnized This Evening at an East End Home.

A pretty home wedding will be solemnized this evening at 7:30 o'clock at the home of Mr. and Mrs. Joseph Webb, on Mulberry street, the contracting parties being their charming daughter, Miss Florence, and Frank Bonempt. Rev. J. W. Gorrell, of the First Christian church, will perform the ceremony, using the beautiful ring service. Lillian, the younger sister of the bride, will be bridesmaid, and Ross Leonard will act as best man. A wedding supper will follow the ceremony.

Both young people are employed at the East End pottery as decorators, where they are extremely popular with the other employees. They will go to housekeeping on St. George street.

## Attested to the Death.

The proof of the death of the late Milton Martin was attested to last evening before Squire Carman, acting as a notary public. There were present Mrs. Martin, the officers and fraternal committee of Ben Hur lodge, the attending physician and the undertaker. This proof was necessary to procure the insurance which he car-

ried to the amount of \$1,400 in the lodge named above.

## Will Give a Mite Social.

The Ladies' Missionary society of the Second U. P. church, will give a mite social on next Friday at the home of the pastor, Rev. Mr. McQuiston, on St. George street. There will be a brief literary program and refreshments will be served. All are cordially invited.

## EAST END AFFAIRS.

W. E. Finney, of St. George street, is reported quite ill with the grip.

Miss Ida Broom, of Railroad street, is confined to her room by sickness.

Mrs. J. W. Powell has returned from a week's visit with relatives at Barnevile.

Kyle, the small son of Mr. and Mrs. J. L. Fulton, of Mulberry street, is reported quite ill today.

Mrs. W. G. Walker, of Allegheny, Pa., is the guest of her parents Mr. and Mrs. W. A. Hyatt, of Pennsylvania avenue.

Ed Lonsford is mending rapidly from his recent illness and will return to his work at Larkins & Ferguson's grocery store tomorrow.

Rev. G. M. McKnight, of the South U. P. church, Philadelphia, who was here to visit the family of Rev. D. W. McQuiston, of St. George street, and to hold services at the Yellow creek church, returned to his home yesterday evening.

fully paid and non-assessable, the par value of which is \$50.00 per share, at the low price of \$20.00 per share.

The entire proceeds of this limited sale will be paid into the hands of R. W. Patterson, Cashier of the Potters' National Bank, as Trustee; and the fund so created is pledged solely to the further development of a territory already proven the equal of any oil bearing tract in the Middle States.

The Personnel of the Directorate of the Columbia Oil and Gas Company is unequaled in financial standing and integrity in Ohio, you know them and they are men who cannot afford to be identified with unsound enterprises.

## DESCRIPTION OF PROPERTY:

Two hundred and sixty acres adjoin the Turkey-foot oil field in West Virginia and has eight producing wells, the wells drilled have demonstrated that every acre of this is good for producing wells, the present production is fifty-five barrels per day; the expense being \$60.00 per month.

The Ohio field being in the well known Jackson Ridge, Monroe county district, there being five hundred and four acres with eight producing wells and two rigs up ready to drill, the production in this field is sixty-five barrels per day.

On this block we have only nicely started to drill, as there is production up against our line 5,000 feet ahead. We have our own water plant fully equipped on a good stream of water running through the entire property.

A new president was chosen, Emmet A. Gerren receiving the honor and entering upon his duties at once.

#### Derailed At Toronto.

A wreck occurred at Toronto yesterday in which three cars and an engine were derailed. The wreck train from this city was called and after several hours work finally replaced the cars and engine on the track. No one was reported injured. The road was blocked for some time.

#### Hurt at Toronto.

Jean Wagner, a well known brakeman or the river division of the C. & P. in attempting to jump on a train at Empire at 10 o'clock Monday evening fell along side the rail and had his left arm cut off above the elbow. The injured man was taken to Wellsville.

#### Big Embezzler Wanted.

Mayor Fogo is in receipt of a communication from the Pinkerton National Detective agency of New York city offering \$2,000 reward for the arrest, or information leading to the arrest of one Victor Kecskemethy, who on November 14, 1901, absconded from Budapest, Hungary, with government funds amounting to 588,000 crowns (\$117,600). The man is a Hungarian, 24 years of age. Requisition papers charging him with grand larceny are now held at the Auto-Hungarian consulate, New York.

#### Progress in Paving.

Rinchart Bros., the East Liverpool contractors who started only a few days ago upon the improvement of Spring Hill avenue by paving and curbing, have made very rapid progress and if given a chance will continue to paving completed in the next ten days. The road is a very narrow one and is on the hillside, being therefore very difficult to work upon. Every day that the weather will permit, a large force of men are kept busy.

#### To Extend Water Mains.

Contractor Shannon, of Orrville, and a force of men yesterday began excavating on Clark avenue preparatory to laying the pipe for the extensions to the water mains of the city. The contract for this work was let by the water works trustees several weeks ago. Mr. Shannon states that if the weather would permit, he would have the work completed on Clark avenue within a few weeks.

#### Entertainment Soon.

Local union No. 24, N. B. of O. P., held its regular weekly meeting last evening in Potters' hall. No special business was transacted. The date for the next musical and literary entertainment was not decided upon. The entertainment will be held soon.

#### THE EIGHT-HOUR LAW

Again Declared Invalid By the Supreme Court of Ohio.

Columbus, December 3.—(Special)—The supreme court has again declared the eight-hour law unconstitutional. The decision was given in the case of Cleveland against Clement Bros. A similar decision was given a year ago.

A Timely Suggestion.  
"Now that winter with its bad weather is with us I would advise every family to provide themselves against sudden attacks of coughs and colds by keeping at hand a good cough medicine like Chamberlain's Cough Remedy, which is the best among the many preparations for these ailments that I have on my shelves," says Mr. L. C. Neaville, the well known and popular druggist of Pittsburg, Ind. "I recommend this remedy and guarantee it to be without an equal for coughs and colds, also as a preventative and cure for croup." ### PRESBYTERIAN CHURCH

ACTION TAKEN TOWARD ORGANIZING IN CHESTER.

Matter to Be Laid Before Presbytery, Building And Other Topics Discussed.

The meeting previously announced to make arrangements for a permanent organization of a Presbyterian church was held in the central school building last evening. Owing to the disagreeable weather only a few were present. Nevertheless the regular routine of business preparatory to a permanent organization was carried out. Several ministers were present to assist in the work, among them Rev. Matthew Rutherford, of Washington, Pa.; Rev. R. R. Bigger, of Wheeling; Rev. J. R. Hosick, of Hookstown, and Rev. D. A. Green, of Fairview. Rev. C. G. Jordan, of East Liverpool, who was expected, was unavoidably absent.

Rev. Mr. Rutherford was elected chairman of the meeting and O. O. Allison secretary. After prayer by Rev. Mr. Rutherford, Harper Ralston, A. G. Pugh and Samuel Allison were appointed a committee to prepare a petition to be presented to the presbytery of Washington at Claysville, Pa., for the organization of a church in Chester.

It was estimated by those present that the petitioners signed could contribute \$600 annually towards a pastor's salary. Rev. J. R. Hosick offered to give one service each month in the evening for four or five months until such time as the church could be regularly organized.

The question of a suitable place to meet was discussed, and Samuel Allison, John Bernard and William Allison were appointed a committee to secure a place. Samuel Allison was appointed a delegate to present the petition before presbytery at Claysville, Pa., December 9.

The dimensions and probable cost of a church suitable for the present use of a congregation in Chester were discussed at some length. It was stated that brick and stone had been offered free of cost for the erection of a church.

### MANY MISHAPS

Befell Engineer Howard Bradley, Who Was Buried at New Cumberland.

Howard Bradley, engineer on the B. & O. train that was wrecked at New Castle Sunday morning, was a native of Port Homer, where he was very popular. He was about 34 years of age and unmarried. Bradley, heretofore, was thought to have a charmed life. It was he who was in the cab at the Bakerstown tunnel disaster on the B. & O. in July, 1901. He was caught in the cab and climbed out through the ventilator to sit down and cry over the loss of his engine. Two men were killed at that time.

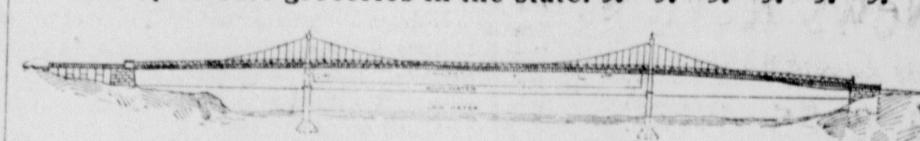

Half a dozen times he has been in wrecks and half a dozen times the combination of circumstances has sent out another man in an engine to be killed where he ordinarily would have been. A brother was killed on the railroad several years ago, and the dead man had had a number of narrow escapes. The body was taken to New Cumberland yesterday morning. Interment was made in the Nessley chapel cemetery, opposite Port Homer.

## PROSECUTIONS UNDER THE CODE

How Violators of the New Municipal Law Will Be Tried and Punished.

### HEAVY PENALTY PROVIDED

For Those Who Shall Refuse to Testify or Obey Subpoenas — Persons Convicted of Misdemeanor Forfeit Claim to Office.

A fact known to but few regarding the merit system, provided by the new code, is that all prosecutors for violators of the system shall be instituted by one of three officials, by the prosecuting attorney of the county in which the offense is alleged to have been committed, by the city solicitor or by the mayor, acting through special counsel, employed by him. The suits shall be conducted and directed by the prosecuting officers who institute them under there request the aid of other prosecuting officers.

If any person shall be convicted of a misdemeanor while holding any public office, the office shall, by force of such conviction, be rendered vacant, and such person shall be incapable of holding any office or place of public employment in the city for a period of five years from date of conviction. Any person who shall be served with subpoenas to appear and testify or to produce books and papers, which subpoenas have been issued by the mayor or by any person appointed by or acting under his control, in the course of an investigation of a public officer alleged to be guilty of a misdemeanor, and who shall refuse or neglect to appear or testify, or to produce books and papers involved and the investigation, as noted in such subpoenas, shall be guilty of a misdemeanor, and shall, on conviction, be punished by a fine of not less than fifty dollars, and not exceeding \$1,000 or be imprisoned in the county jail for a term not exceeding six months, or both, in the discretion of the court.

The fees for witnesses for attendance and trial shall be the same as witnesses receive before the court of common pleas of this state, which fees and the fees of the officer serving such witnesses shall be paid from the appropriation for the expenses of said department.

The court of common pleas of the county in which the city is situated, or any judge of that court, either in term time or vacation, upon application to the mayor, or his appointee, may in his or their discretion, compel the attendance of witnesses, the production of books and papers and the giving of testimony upon the mayor or his appointee, by attachment for contempt or otherwise. In the same manner as the production of evidence may be compelled before the court. Every person, who, having taken oath or made affirmation before the mayor or his appointee conducting the examination and authorized to administer oaths, shall willfully swear or affirm, corruptly or falsely, shall be guilty of perjury and upon conviction shall be punished accordingly.

### SETTLING FOR THE WINTER

Shantyboat Residents Placing Their Domiciles Where They Will Be High And Dry.

With the advent of winter the residents of the shantyboat district have commenced their customary preparations for the cold season. All have selected spots for beaching and as a result many wars of words have occurred and frequently blows are mixed. At the foot of Second street seems to be the most desirable winter quarters. There are now at this point so many boats that there is scarcely room for a passage way.

The boats that have been for the past several months anchored along the bank from Thompson's pottery down to Market street have been removed to the chosen harbor and during the past few days there has been a great scramble for position. All are desirous of getting the best location, one the closest to the top of the bank, and spectators say that comical pictures have been presented in the rush.

It is said that there is a likelihood of some action being taken on some of the people who have located for the season. They have apparently disregarded the action taken by council several weeks ago in ordering that no boats be anchored on city property and with nery impudence are holding forth on the forbidden territory.

### CALLS FOR AID

They Continue to Come to Township Trustees, But Are Fewer Than Usual.

That East Liverpool is just now enjoying an era of prosperity needs no better evidence than a glance at the records of the township trustees for the opening months of winter.

"Yes, there is some business," said J. W. Albright when questioned, "but vastly fewer appeals for help than are customary at this season of the year. There are people, as you well know, who take advantage of every opportunity to get something for nothing. These we have to contend with at all times. This year, however, they are few, and our office has been troubled but little with the habitual alms seeker. When any member of a family takes down with a contagious disease, it is a great temptation for them to appeal to our department as soon as they are placed under quarantine, and in a majority of cases they loose no time in doing so. This is about the only class of customers we have upon our lists at the present time."

The department is remarkably free of those characters who, at this season of every year, make a practice of looking up the trustees. They never fail in their attempt to sing a good song, and are seldom turned down.

### KEPT THE POSTMAN BUSY

Published Reward for Rheumatism Cure Brings Plenty of Offers, But None Are Accepted.

Kenton, December 3.—An article stating that Andrew Vance, of San Francisco, Cal., would pay \$10,000 for relief or cure of sciatic rheumatism appeared in yesterday's Plain Dealer. Today Vance received 147 letters, 12 telegrams, 11 special delivery letters and seven or eight long distance telephone messages, all offering cures.

The letters came from all over the state and many contained samples. Many people called at the local hospital, some of them being blacksmiths, others corn huskers, some farmers, all with receipts. He left for San Francisco this morning without trying any. Letters and telegrams are still coming.

### TOO LITTLE FOR A HORSE

James Nelson Refuses to Be Satisfied With \$13 for a \$40 Animal.

Upon a writ of replevin being issued in Squire McCarron's court at the instance of Thomas Nelson, acting as agent for his wife, Constable Powell and Nelson left this morning for the home of William Martin, a farmer living three miles north of the city, to take possession of a horse, the primary cause of the writ.

During the early part of last spring, according to Nelson, Martin bought the horse from Mrs. Nelson. It is brown, weighs 1,100 pounds and is known as "Charley." Martin was to pay \$40 for the horse. Upon receipt of the animal he paid \$13 down and gave a chattel mortgage for the remainder with interest at 6 per cent.

"We don't want the horse," said Nelson to the 'squire. "We would much rather that he kept him, but we don't propose to let him off with the payment of \$13. We tried every way imaginable to prevent this suit. I told Martin that we would accept hogs or anything as payment, but he evidently thinks that he can keep us out of our rights, and we won't have it that way."

The case will be heard before the 'squire on the morning of December 8.

### THRESHERS ORGANIZE

Branch Formed at Lisbon for Mutual Protection And Advantage.

Lisbon, December 3.—(Special)—A branch of the Threshers' National Protective association has been organized in this city by W. H. Webber, of Chicago, and G. R. Murray, of Brown City, Mich. The local association starts with 55 members, and will meet on the last Saturday of each month. Prominent manufacturers of threshing machines were the prime movers in organizing the society.

One of the principal objects is to secure uniformity of prices for work. Machines can be bought cheap and many who lack business capacity have invested in them, only to use the machines a short time, doing work at any price. They find this method unprofitable and in many cases machines have been returned to the manufacturers.

## HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Telephone Manager — Charles Wells, of this city, has been appointed manager of the Toronto and New Cumberland Bell Telephone exchange, to succeed the late Col. J. B. Liggett. There will be no change in the efficient local force at either place. Mr. Wells will assume his duties Monday evening.

Dispute Over Credit — The case of Miss Ida Calhoun, against George Tyford, in which she sues for \$41.50 alleged to be due on house rent, came up for trial in Squire McCarron's court this afternoon. The defendant claims that he paid \$20, for which he was not given credit. A dispute over this claim caused the suit.

Smith Cannot Come — Secretary M. C. Wright, of the Y. M. C. A., this morning received a message from Fred B. Smith, of Chicago, stating it would be impossible for that gentleman to be present and address the meeting tomorrow night. The members of the local association are sorely disappointed, as they anticipated a rare treat.

Stolen Spaniel — Chief Thompson was notified last evening to be on the lookout for a man who had in his possession a water spaniel dog, brown spotted and a short tail, the property of Homer Taylor. The animal was shipped by Mr. Taylor to a friend at Sebring some time ago and yesterday it was stolen by a man who is supposed to have come to this city. The chief ordered the police to keep an eye on all stray dogs.

Fell From a Chair — While in the act of placing a picture on the wall at their home on Fourth street yesterday afternoon, Mrs. Harry Alcorn met with a painful but not serious accident. She had stepped upon a chair and was reaching toward a nail when the chair overturned and precipitated her to the floor with great violence. As a result her right arm was sprained and she was otherwise shaken up.

Given Under the Auspices of the First M. E. Church Epworth League.

A musical and literary entertainment was given by the Epworth league in the lecture room of the First M. E. church last evening. The members of the cabinet had charge of the affair, and it was a most enjoyable function. The following program was carried out:

Toast, "Sons of Veterans"—S. C. Coleman.

"Comin' Thro' the Rye" — Ladies' quartet, composed of Mrs. Joseph Kinney, Mrs. R. W. Haynes, Mrs. Wilbur Miller and Miss Jones.

Toast, "Brothers And Sisters"—Mrs. Will Taylor.

After the bridal party had taken their places in a bower of tropical plants, Rev. Mr. Jordan performed the ceremony which united the lives of these popular young people in happy wedlock, while throughout the ceremony the vows were made more solemn by the melody of Chopin's nocturne as played by Miss Hamil.

When the ceremony had been performed, the host of friends present were eager to congratulate the bride and groom, who received a shower of good wishes, after which an elegant wedding breakfast was served in the dining hall. The tables were tastefully decorated, but especially artistic in design was the table at which sat the bridal party. The center piece was of white chrysanthemums and pink carnations arranged in basket effect, from which diverged the delicate asparagus vine designating the place of each guest.

Mr. and Mrs. Smith left this evening for Pittsburgh where they will be at home to their friends. The large number of magnificent and costly presents presented the bride attested the high esteem of their friends, and further proved that both Mr. and Mrs.
